THREE ENLIST IN ARMY

Sgt. J. L. Johnson of the Army and Air Force recruiting service stationed at the armory Tuesday announced three recruits for the army and air force:

LeRoy Hollingsworth, Disston route, Cottage Grove, was enlisted in the United States Army, Corps of Engineers, 29 March 1948. He is now at Ft. Ord, California undergoing basic military training.

Russell E. Porterfield, son of Mr. and Mrs. C. F. Porterfield, 715 Whitaker street, Cottage Grove, and William R. Hunter, son of Mrs. Mary Ellen Hunter, 438 Fillmore Ave., Cottage Grove, were both enlisted for a three year period in the United States Air Force, on the 30th of March 1948. They will receive their refresher training, both being former service men, at Hamilton Field, Calif.

He's a Rat

What is the most destructive animal in the world?
No—it's not a puppy or a small boy!

The common Norway or brown rat has absolutely no competition when it comes to the ability to destroy. Annually, rats alone destroy about

4 per cent of the total grain and cereal crop in the United States, figures compiled by extension service entomologists indicate. As if its destructive abilities were not enough, the rat is host to carriers or is itself a carrier of bubonic plague, typhus and other diseases which are deadly to man.

Few farms are entirely free of rats, although rat populations can be reduced quickly. Cleaning up the premises, rat proofing, cutting off food supply, poisoning and trapping are major points in an effective rat control program. But, once the control measures begin to show results, there can be no relaxing. Rat control is a permanent, year-around program. A few days of poisoning will have only a temporary effect on the rat population.

Modern Dairy Buildings Will Boost Efficiency

Increased efficiency has entered the dairy industry with more widespread use of milking rooms and milk houses.

The ideal location for a milk house is attached to the milking room or barn. In most areas, sanitary re-

Miles of walking are saved annually when the milk house is adjacent to the milking room or barn, figures compiled by Cornell university show.

Requirements permit construction under the same roof. Adjacent construction permits the dairyman to coordinate feeding, caring for the cows, milking them and handling the milk into an efficient system.

NOTICE OF TIMBER SALE

Sealed bids, marked outside "Bid for Timber", and addressed to the Regional Administrator, Bureau of Land Management, Region 1, Swan Island Administration Building, Portland 18, Oregon, will be received until and opened at 10:30 a.m., Pacific Standard Time, May 11, 1948, for the purchase of all merchantable timber designated for cutting upon tracts hereinafter described; the cutting and removal of the timber to be carried out in accordance with the forest practice rules approved on July 7, 1938, by the Secretary of the Interior. Each bid must state the amount per thousand feet, board measure, that will be paid for each species and the total consideration which will be paid for the timber. No bid for less than the appraised value will be considered. Each bid must be submitted in duplicate and be accompanied by a deposit. The deposit must be in the form of a certified check on a solvent bank and in favor of the Treasurer of the United States. The amount of the deposit will be \$5,000.00 provided the total amount bid is over \$5,000.00 and less than \$30,000.00; it will be \$10,000.00 provided the total amount bid is over \$30,000.00 and less than \$100,000.00; it will be 10% of the amount bid when the bid exceeds \$100,000.00. If the total amount bid is less than \$5,000.00, the deposit shall be the amount of the bid. The deposit will be returned to unsuccessful bidders; applied as a part of the purchase price of the successful bidder; or that portion of the deposit representing the minimum required by law, shall be retained as liquidated damages if the high bidder does not execute contract and furnish satisfactory bond within thirty days of acceptance of the bid or cannot furnish evidence of his ability to comply with the local marketing requirement. This evidence must be submitted with the bid and shall conform with the requirements as set forth in this advertisement. In sales over \$10,000.00, the successful bidder will be required to furnish a sworn financial statement, in duplicate, showing ability to fulfill the terms of the contract. A bond on all sales will be required in an amount computed at the rate of at least 20 per cent of the first \$10,000.00 of the bid, plus 10 per cent of any additional amount of the bid in excess of \$10,000.00. Payment for timber will be required in advance of cutting, payment in full at the time of filing the contract being required in sales amounting to \$10,000.00 or less. In larger sales, at the option of the Regional Administrator, payment may be made in a number of installments scheduled to keep pace

with the rate of timber cutting and payable upon demand from the Regional Administrator. The right is hereby reserved to waive technical defects in this advertisement; to reject all bids, or to award the timber for the amount of the highest bid to other than the highest bidder when necessary, pursuant to the Act of August 28, 1937 (50 Stat. 874), in order to provide a continued supply of timber to local industry and contribute to the permanence of the community which is dependent upon such industry. Timber sold in accordance with this advertisement must be manufactured within the marketing area as designated for each tract described below in accordance with the Orders of the Secretary of the Interior, No. 2285, and Nos. 2380 to 2390, Incl., dated December 11, 1946 and November 29, 1947, respectively. Further information regarding this sale may be obtained at District Offices of the B.L.M. located at Salem, Eugene, Roseburg, Coos Bay, and Medford, or at the office of the Regional Administrator, W.
