**From the Farmers OF MINNESOTA To the Farmers OF OREGON**

We recommend to you very highly our three-term Governor, Harold E. Stassen, for the next President.

We know him well. He was born on a Minnesota homestead which his father and mother are still farming. He has always been right on agricultural questions, from oleomargarine and cooperatives, to parity and conservation. We also have confidence in him on the big issues that affect us all. He has been firm and consistent against the communists. He has been a constructive leader in every respect. He backed an outstanding farmer, Edward J. Thye, as Governor and as United States Senator.

**How Farmers Backed Stassen**

We farmers of Minnesota have been solid behind Harold Stassen. The best proof of this was his sweeping victory in the farming areas of Minnesota in his third election after we had had the chance to see how he acted as Governor for two terms.

In his third election as our Governor the farmers backed him overwhelmingly. For example, in the corn-hog county of Martin down near the Iowa line Stassen received 4,881 votes to 1,717 for his opponent.

In the dairy county of Goodhue on the Wisconsin line Stassen received 5,535 votes to 2,711 for his opponent.

In the wheat and diversified agricultural county of Rock on the South Dakota line, he received 1,819 votes to 471 for his opponent.

And in the big agricultural county of Otter Tail up on the North Dakota line he received 6,327 votes to 4,580 for his opponent. In the state as a whole he received 409,800 votes to 299,917 for his opponent.

In the Township of Eureka, which is a complete township of milk producers in his home county of Dakota, where they had known him for two terms as county attorney and two terms as governor, he received a remarkable vote of 158 to 27 for his opponent.

We know we speak for the farmers of Minnesota as a whole when we recommend him to you as the best man for President of the United States, in your May 21st primary.

With our neighborly best wishes,  
Sincerely,
