**A PERSONAL MESSAGE**

from Governor

**Dewey**

On the 21st of May, yours will be a most important decision. Next January this nation will have a new national leadership. It will be a Republican leadership. It must be a constructive, fearless, able leadership. It must be an experienced leadership.

This new Republican leadership must be much more than the one man you select to be your President, and the one man you select to be your Vice-President.

**Presidency Should Be Team Leadership**

It must be a leadership of the strongest, ablest, most outstanding men to be found in America, each best suited for his responsibility. It must be a team leadership.

The captain of your team will be the man you select as your President. His will be the responsibility of leading the way on national policy. He will administer the government of the greatest nation in the world. He must pick strong men to assist. He must work closely and harmoniously with the Congress. His responsibility is to you.

**We Shall Have Peace**

If he understands the complex problems we face as a nation today, we shall have a continuous prosperity—we shall have strength—we shall have peace. His leadership must be strong, sure, unafraid.

Twice now in less than thirty years, America has risen to the test in defense of freedom. The price in blood, sacrifice and sorrow has been very great. It must not occur again. It need not occur again.

Before you choose the man you believe best qualified to lead our government there is much you want to know.

You will judge his capacity for administrative leadership.

You will judge his understanding of world conditions and problems.

You will judge his understanding of the multitude of perplexing domestic problems which beset us as a nation.

You will judge him by his words and by his deeds.

His sincerity, his judgment, his ability, his integrity, his faith in our strength as a people, his deep belief in a strong, purposeful America, his understanding, must be clear.

**Wishes To Share Views With Oregonian**

It is in this spirit I come to you. I want you to hear my views, that you may judge. I want you to share your views with me, that we may ever better understand what is in the hearts and minds of you, the people of Oregon, for you are, in truth, representative of all of the people of our great United States.

In such a tradition was America built. In such a tradition shall America go forward as a happy, prosperous, free nation in a world at peace.

**Small Holdings Biggest Factor In Timber Land**

Oregon's vast land owning "timber barons" are very much frightened by the very vivid imaginations because actual facts and figures do not bear out the oft expressed belief that timber and trees are all owned by "big business."

This statement is made by OSC extension forester, Charles R. Ross, who points out that woodland owners in the state number close to 45,000. He says 63 per cent of Oregon's privately owned forest reserves are owned by individuals with holdings of less than 5,000 acres each.

Farmer owners of woodlands play important roles in the timber picture, Ross emphasizes. In western Oregon, for example, there is an average of close to 40 acres of wood for each farm. Many other small acreage timber owners are local businessmen, city workers living in the country, and various other investors.

From the national standpoint, 4,000,000 persons in the United States own a piece of woodland which contains less than 500 acres. Together these small acreage timber owners control 200,000,000 acres of forest. That is 60 per cent of all the privately owned forest land in this country, Ross adds.

Meanwhile, a change is taking place in the minds of the small forest property owners, Ross states. Prior to about 1940, few farmers, for instance, saw anything but a pasture and wood reservoir in their woodlots. They felt it did not pay to try to sell small trees, and it took two lifetimes to grow salable timber. A sweeping change in viewpoint is now taking place, Ross observes, and present day woodland owners are seeking income from their trees. Nowadays they are talking knowingly of poles, sawlogs, pulpwood and fuel markets.

Future markets for woodland products are bound to increase with second growth timber becoming more valuable as the result of the inroads on the stands of old growth forests. The day when farmers can receive an annual "cash crop" from their woods is not too far distant, Ross concludes.

**MOSBY CREEK**

The Blue Mt. school will have their program and eighth grade graduation exercises Thursday evening the 27th of May and the picnic will be on Friday the 28th.

The cook house and dining room at the C.C.C. grounds burned to the ground one day last week.

Mr. and Mrs. Ed Davis and family of Mather Field, Calif. have returned home after spending several days with Mrs. Davis' mother, Mrs. Sam Russum, who is very ill.

The Happy Cookers 4-H club girls and their leader Mrs. Ruth Patten gave a tea at the Blue Mt. school lunch room Friday for the mothers of the district. A large crowd attended. The girls put on a program and everyone played games after which a lunch of cookies, jello, tea and coffee was served. The cookies were baked by the girls.

Mr. and Mrs. Fred Overton have received word that their son Pfc. Gene Overton will be stationed on the island of Okinawa for a few months.

Mr. and Mrs. Cleo Webber and family of Vancouver, Wash. have moved their trailer house to the Sam Russum place and Mrs. Webber is helping take care of her mother, Mrs. Russum who is ill. Mrs. Berta McGuire and sons of Walden and Lawrence Palmer of Eugene were dinner guests Sunday at the Harry Castle home. Mr. and Mrs. Grant Dulley and sons of Knox Hill called later in the day.

The Shields Walker Sunday school gave a Mothers day tea Sunday and the oldest mother was Mrs. Fine Mosby, the youngest mother Mrs. Stockdale, and the mother with the most children was Mrs. Noble Elliott. All mothers there got carnation corsages. Everyone there had all the ice cream they could eat.

Mrs. Ed Thomas of Coos Bay spent Sunday at the home of her parents Mr. and Mrs. Floyd Jones and took her daughter Wanda back home with her.

Mr. and Mrs. Pearkings Miller and family, Mr. and Mrs. Dale Blackmore and son of Blue Mt. and Mr. and Mrs. Menzo Blackmore and son of Eugene were Mothers day guests at the Jay Blackmore home. They also celebrated the birthday anniversary of Mrs. Pearkings Miller.

**Pfc. E. E. Overton Now With Far East Airforce in Japan**

Pfc. Eugene E. Overton, son of Mr. and Mrs. Fred V. Overton of Cottage Grove is now serving with the Far East Air Forces in Japan. He is currently assigned in the 13th Repair Squadron at JAMA Air Force Base as an aircraft mechanic.

JAMA (Japan Air Materiel Area) Air Force Base is one of the largest in Japan. Located 21 miles west of Tokyo at Tachikawa, it serves as the main supply depot and maintenance center in Japan and Korea.

Pfc. Overton joined the Air Force in Portland in February of 1947 and received his basic training at Keesler Field, Miss., for six months and upon completion transferred to Hamilton Field, Calif., for overseas shipment.

He shipped to Japan aboard the USAT General W. C. Langfitt on February 19, 1948. Following his arrival in the Orient he was immediately assigned to JAMA.

Pfc. Overton is a former student of Cottage Grove High School and lumberjack with two years experience. He thinks that Japan is going to be an interesting assignment and that he is going to see as much as possible of the country while he is stationed here. His tour of duty will be completed in 1950 and he will return to the States at that time.

**"WORLD'S LONGEST SPEAKING TUBE"**

now pipes calls East

2. We plant "co-ax" with giant plows that lay the cable in one operation. Every eight miles a "booster station" keeps calls going through clearly. For—incredible as it seems—high frequency waves fade so rapidly in the cable that all the sun's energy, if it could be funneled into the pipes, would not carry half-way across the country.

Millions of new working dollars, needed to extend and improve service, must come—not from telephone bills—but from thousands of people who put their savings to work in the telephone business. To attract these working dollars, we must pay a reasonable amount for their use. We can do this only if we sell our services at fair and adequate prices.

1. Imagine packing 500 voices together in a tube no bigger than a pencil and sorting them out distinctly at the end! That's what we're doing with coaxial cable. Radio-type waves whisk calls through pipes... instead of on wires...allowing one "co-ax" to do the work of a number of the more usual kinds of long distance cable.

3. "End of the line"...it takes huge panels of complex equipment like this to sort out the calls carried by just one cable. Since December, calls have been going back and forth from the Coast to the East over 2300 miles of "co-ax." And we're adding still more cables to augment long distance service for the growing telephone population on the Coast.
