MAID WANTS OLD JOB BACK Pay Is No Object!

You see, this maid hates everything that has to do with dishwater, dishrags, dishpans, and dish towels. "Why," she said, "I'd never leave a home with a Dishmatic again for a million! Never!"

With a Dishmatic, nasty ol' dishwashing never spoiled her day. She simply set the Dishmatic's dial just once, and relaxed. Dishmatic washed the dishes, rinsed and dried 'em, cleaned itself and shut-off—all automatically!

Dishmatic is the only home dishwasher with a built-in water heater. It boosts tap water to a scalding 170°-180° F. It's this steaming torrent, whipped to a high-pressure cleaning force, that water-scrubs grease and hardened food away. Heat rise in tub is gradual—can't hurt delicate dinnerware. Rack cradles all tableware for family of 6 securely—nothing moves but the water.

Even pots and pans come out hygienically clean, and dry. No towels, no lint to dull the sparkle of glassware. No mopping-up afterwards—Dishmatic cleans itself does everything itself!

Now, STORE NAME can't guarantee to get you a maid, but we do have a Dishmatic waiting for you. With it, you'll never have to wash, rinse or dry another dish! Stop in today—let us show you how it works!
