Cabbage is a General Favorite

By ALICE DENHOFF

IF there is one thing that is favorite fare it is the cabbage clan. Red, green or white; slaw or kraut; June or January, members of the cabbage family are always at hand, ready for table duty.

The cabbage clan traces its ancestry to the early days of Europe when it grew wild along sea coasts, and thus gained the name "sea-cabbage." Brussels sprouts are first cousins to the cabbage, and cauliflower, which came by way of Cyprus, long ago, is a near relative. Broccoli, broccoli sprouts and kohlrabi are uncles and aunts—so the cabbage family is a pretty big clan.

In Many Lands

No wonder the cabbage family is a staple of many lands! Swedes roll cabbage leaves around meat filling, as do the Hungarians. Hollanders pickle cabbage; and just about every country has a variation of kraut or slaw.

For a good quickie, fill large cabbage leaves with your favorite meat-loaf mixture, skewer with toothpick and bake until tender. A good emergency dish!

When you have more time, try Danish cabbage. For 4 portions slowly saute 1½ c. diced onions in 3 tbs. bacon fat until yellow. Add 4 oz. fried beef, cut in pieces; saute until browned. Add ½ c. diced green pepper and 4 c. coarsely shredded cabbage; saute 10 min., stirring frequently. Add 3 tbs. chili sauce; mix well. Should be served immediately, good and hot.

Smothered Cabbage

Smothered cabbage goes well with chops, steaks or good old hamburgers. Wash medium head of cabbage well, removing outer leaves if too tough or damaged. Cut crosswise in slices one inch thick. Place slices in heavy skillet; sprinkle generously with cooking oil, and lightly with soy sauce. Cover skillet tightly; steam over low heat for 12 to 15 min., depending on age of cabbage.

For a change from broccoli prepared the usual way, try a broccoli soufflé. To serve 6, cream well 4 tbs. table fat and 3 tbs. flour. Add ½ tsp. salt and ¼ tsp. pepper. Scald one c. milk; add gradually to butter mixture stirring to prevent lumps. Cook in double boiler until mixture thickens. Beat 2 egg yolks until thick. Cool white sauce slightly, then stir in egg yolks. Add 2 tsp. phosphate-type baking powder; mix well. Add one c. finely chopped cooked broccoli, and lastly fold in 2 egg whites stiffly beaten. Pour into greased casserole (8 inch diameter) and place in pan of hot water. Bake at 350 F. for 80 min.

Thrifty Now Featuring Wins

Overweight women may get little attention at a dance, but they are getting plenty from nutrition researchers. Nutrition authorities recognize that many women just can't manage to follow a strict reducing diet. "It's so much trouble," wails a housewife, "and you feel half-starved all the time!"

A reducing food recently developed is said to make it easy for women to stay on a diet. Pleasant-tasting food lozenges are eaten before meals, to satisfy part of the appetite with practically no calories. This makes it easy to eat less without feeling hungry, and lose up to ten pounds in ten days.

The lozenges also provide the daily minimum requirement of Vitamins B-1 and B-2, Niacin, Calcium, Iron, Phosphorus and Iodine, plus useful protein, dextrose and trace elements. Thus you can continue to eat foods you like, without missing an adequate supply of these essential elements when you cut down your eating.

This new reducing food tablet known as "Wins" is now being featured at Thrift-Wise.

CULP CREEK

Mr. and Mrs. Kernutt and family drove to the coast last week for a few days rest from running their store. They plan on a real vacation later motoring to San Francisco.

We would like to take this opportunity to thank Mr. and Mrs. Ransom (Smoky) Raymond for their interest and hard work they are doing for our school. New flooring in smaller school house. Sanded three times and then three coats of gym finish on all floors. Seventy-five new seats with 900 screws to fit in them. Woodwork and half way up on walls, painted, new pipes and two new drinking fountains and more wash bowls. Change desks and bookcases to different rooms. Cement foundation under the 750 gal. pressure tank, and fenced school grounds. So don't forget the school board meeting July 16 and see how much work there is to all that.

Jim Davis' mother and a step-father are here visiting him from Chicago. They plan also to visit their daughter in Eugene.

Heat Automatically Now

Approximately 36 per cent of the new houses built in the United States in 1947 included automatic heating equipment, according to a survey by Minneapolis-Honeywell Regulator company. Before the war only about 10 per cent of all non-farm dwellings used automatic controls.
