Howdy Folks; We heard about a man, slightly inebriated, who was taken before the court and couldn't stop talking. The judge did manage to get in a short sentence, so the story goes.

He cried to the judge for justice and court told him he'd already gotten justice. Justice drunk as he could.

We heard of a party where the cat climbed up to the punch bowl and took on a big snifter of punch.

Punch in the puss, so to speak.

Some men like to drink because it makes them see double and feel single.

And in the words of our Scotch friend, "Dinna spend your money for drink, but aye, keep a corkscrew handy."

And in the words of one of our customers, "You can't make a better buy for the money than our Monarch Ranges." Why don't you try it?
