Oven-Ready TURKEYS

Cost NO More—
and may cost less!

The reason for this is — the price per pound of Fresh, Quick-Frozen turkeys is based on the waste-free weight — AFTER the bird is completely cleaned. Head, feet and innards are NOT included in the weight for which you pay, as they are when you buy turkeys the old-fashioned or New York dressed way. Obviously you do not need to buy as many pounds when you buy an Oven-Ready turkey.
