Howdy Folks: Over on the other side of the state, a pappy is reported to have put a silencer on his shot gun because his daughter wanted a quiet wedding.

They said the old man wasn't really emotional, but after the gal was safely married, he did shed a few cheers.

Dag-nab it, we gotta quit making funnies out of puns. They say the pun is the lowest form of humor.

One party who reads this column regularly, says humor is like history. It repeats itself.

Now whaddaya suppose he meant by that?

We know a man who praises the marriage institution to the high heavens, but the darn cuss is single.

Anyhow, we all know that this country grew great through the family life that we all know.

Another thing that's going great is our lighting fixtures. You'll like them, too.
