New Guidance Group Elected

Mickey Snapp, Laura Porter, Pat Rieckard, Carol Naish and Norma Brady are the girls that constitute the reorganized girls guidance committee. They were chosen from the senior class by the freshmen, sophomore and junior girls.

The purpose of the guidance committee is to give underclass girls an opportunity to discuss problems with seniors, and talk with just one or two of the five committee members instead of the whole committee if they choose.

This new system was decided on by the girls and is to be run by them under the supervision of Miss Branthover.—Lions Roar.

FHA Sponsors All Student Hop, Band, Royalty

A three piece band will furnish music for the Sweetheart Swirl, sponsored by the FHA, Friday evening from 8:00 to 11:00 in the gym.

Royal candidates for the dance include Pat Geer, Aloma Garman, Betty Elliott, and Louella Gartner as Princesses and Dick Smith, Dean Snauer, Donald Monte, and Kenton VanNortwick as Prince.

From these candidates the FFA chose a queen and the FHA picked a king by popular vote. The results of the election will be kept secret until coronation. A grand march will precede the ceremony when the king and queen will be crowned by Mickey Snapp and Ronald Chapman, FHA and FFA presidents, respectively.

A little boy and girl will strew flower petals before the royal procession as it advances to the throne, and a twin couple will carry the crowns.

The dance, which is for the student body, will be semi-formal and boys may date girls or girls may invite boys to this affair. However, it will not be necessary to have a date to come to the Swirl.

During the intermission refreshments of cake and punch will be served. Martha Roy will sing and a negro comedy act will be presented by Albert Martin and Bob Gasper.

A variety of ways to exchange dances are being planned by the program committee. The gym will be decorated in traditional sweet-heart fashion, according to Martha Roy, decoration chairman.

Telling Sex of Fish

The sexes of fish are best distinguished externally by the elongated snout of the males, by the "razor back" and generally slimmer appearance of the males and by the generally cumbersome, roundish appearance of the females. These characteristics become marked only as the fish approach sexual maturity.

The American Bicycle Institution estimates there are 17 million bicycles in use today.

ADULT CLASS PLANNED

An adult class in upholstery sponsored by the local high school and State Department of Vocational Education, will be held starting January 28 from 1:00 o'clock to 4:00 o'clock. The instructor of the class will be Miss May Fyfe from Eugene Vocational school. There will be nine lessons given for \$3.00, and anyone interested in enrolling call Miss Brunquist at the high school.
