Drama March 18 By Speech Class

"High Windows" by Vern Powers is a one-act psychological drama to be presented by the public speaking class in an assembly March 18. A drama is new to most high school performers, comedies being the favorites.

The cast consists of Emily Winthrop, a hateful crippled old lady whose husband has just met a sinister death, played by Pauline Dyksterhuis; Stephen Craig, Elmore Roby, a lawyer investigating Mr. Winthrop's strange death; Judith Ware, secretary-nurse for the Winthrops, acted by Ellen Madsen; Ed Lovegren plays Walter Hodges, Emily Winthrop's near-sighted nephew entranced by her strange character and Linda Norton, played by Marie Clark, who is Walter's sweetheart acting as a newspaper reporter to escape Emily's suspicion.

Mrs. Ethel Krauss will direct the play assisted by Donna Guggisberg. —Lions Roar.

HANDBOOK EDITORS ANNOUNCED

Carol Violette and Virginia Dailey were elected editor and assistant editor, respectively, for the 1949 Handbook. This is the first time since '43 that C. G. High has had a handbook. It will be distributed to every student in school on entering next fall. It will be printed by the Sentinel.

Kingsley Attends Coast Convention

Superintendent Virgil G. Kingsley attended the National Administrators Regional Convention for the western states at San Francisco, February 20-23. "Education and the General Welfare" was the theme of the convention.

Ex-governor Ellis G. Arnell of Georgia presented one of the main addresses, his topic being "Education and the State of the Nation." A program of speeches and discussion groups were held for the purpose of discussing administrative problems.

Exhibits of many school supplies

were on display to provide an opportunity for the administrators to examine materials they may wish to purchase for their schools, to gain new ideas, to make comparisons, and to discuss operation of equipment with technical and professional experts.

Musical entertainment was presented by the City College of San Francisco, a Festival Chorus, and Symphony Orchestra from the San Francisco State College.

During the second general session, the American Association of School Administrators were guests of the Standard Oil Company of San Francisco at its presentation of the "Standard Hour" radio broadcast. —Lions Roar.

HOWDY FOLKS!!!

Gosh, I'm all over my spring fever. Brrrr!! Have to keep moving to keep warm. Of course, my blood is just a little thin cause I've been staying inside all winter. Our old WESCO Automatic Oil Furnace just keeps it warm as toast (Whatever temperature we want — 68, 70, 72, etc.) All the attention it needs is to set the temperature one wishes and the furnace takes care of the rest. You can't blame me for not wanting to stray outside can you? Nuff said about furnaces (Of which we have all types — sawdust, wood, oil, etc.). We also have a COMPLETE stock of PLUMBING FIXTURES (AMERICAN STANDARD, ELJER, KOHLER, BRIGGS) and supplies, WIRING MATERIALS, HEATING MATERIALS plus the experienced personnel to install everything we sell if you want it installed.
