This community and a much wider area has risen as one in protest against the motives which led to the most dastardly crime against the American way of life ever known here. This was the wilful destruction of tombstones and digging part way down in a grave in the Taylor-Lane cemetery. Several small tombstones were completely uprooted and at least one large one broken. The cost of the latter was around \$1000.

Howdy Folks; We nominate for the post of number one diplomat the man, who when his wife asked him to buy her a new car, convinced her she should be satisfied with the splendid carriage nature gave her.

We know a party who thinks that girls must look upon marriage as a lottery or they wouldn't give so many fellows their numbers.

And even if a man did once fall for an apple, now days he usually falls for a peach.

Even so, some times the disappointed lover is luckier than the groom.

Well, marriage makes two people one — but which one.

A woman marries a man for better or worse. Better for her and worse for him.

We hope you don't take all this seriously, because we're only kiddin'.

But we are serious when we say that now is the best time for you to buy one of our Gibson Refrigerators.

READY TO COOK
FRYER CHICKENS

65c lb.

To figure total cost, for example — an average size fryer weighing 2 lb. 4 oz. (2 1/4 lbs.) — all cut up, all ready to fry, would cost \$1.46.

A BIRD IN THE HAND
... how to figure its worth

Remember: Each pound of our ready-to-cook chicken is just that — ready-to-cook! Its price should not be compared directly with the price per pound of undrawn chicken (which includes many waste parts).

COMPARE ITS COST on a per serving basis. Each package contains one fancy chicken — cut up, ready to fry. You pay for no waste parts.

COMPARE THE CONVENIENCE of buying chicken this way. It's completely cleaned. Requires no additional preparation at home. And, no waiting for the meat cutter to prepare your fryer at time of purchase.

COMPARE QUALITY. Each bird is carefully selected for tenderness and flavor; is killed and drawn under U.S. Government inspection. Frozen fresh, kept refrigerated till you buy. Satisfaction guaranteed, or money back.

NOW AT LOWEST PRICE IN 2 YEARS! Yes indeed! At today's low price — folks will find fryers every Sunday or any other day no luxury at all. Not since early in 1947 has the price been this low for eviscerated, waste-free, pan-ready fryers. Be sure to get yours, today!
