PIMPLES
DON'T SQUEEZE THEM! Instead brush on KLEENEX and see how amazingly fast it hides ugly pimples as it dries them—often on first trial. Not a greasy salve that pimples thrive on, but a soothing medicated liquid that relieves itch-drives redness out. Ask for KLEENEX at all druggists. Double your money back if it fails. 49c

THE CENSUS BUREAU forecasts that the population of the United States will be better than 150,000,000 by next year. We sorta noticed things were getting a little crowded lately.

That figure is 19,000,000 more noses than were counted in 1940. Uncle Sam sure is getting to be a big boy.

! ! !

Cows, we read, enjoy eating sawdust. Apparently, it doesn't go against their grain.

! ! !

Factographs item says that a species of West African frog has a leg spread of two feet. That's no frog—that's just an amphibious kangaroo.

There are so many saloon scenes in a recent western movie, Zadok Dumkopf thinks it should be retitled, "Foam on the Range."

Now that he can get wrestling, boxing, baseball and horse racing on television Grandpappy Jenkins finds it hard to decide what sports event not to attend.

A deadly weapon is the television camera. Or haven't you seen some of those close-up shots of so-called beauties?
