

DELIGHT VALLEY

(Mrs. E. D. Sherrill, reporter
phone 618R4)

The valley is the center of much activity now, for ground has been broken for the new school building which is scheduled for completion the latter part of November. Saturday of this week will be another active day, for everyone is invited to help with the general cleanup of the school grounds and play equipment. A potluck dinner will be served at noon with coffee served by the committee. So bring your rakes, hoes, saws, hammers, table service and something to eat, and join in this community betterment program.

Dr. Gladys Ides, who has been vacationing with Mr. and Mrs. John VanNortwick and family, for the past three weeks, has returned to her home in Philadelphia, Pa.

Mrs. James Hemenway has been admitted to the Sacred Heart hospital for observation and diagnosis.

Sunday visitors at the home of Mr. and Mrs. Ralph Sears included Mr. and Mrs. Victor Chapman of Santa Clara and Mr. and Mrs. Science Fraser of Cloverdale.

Ed Sherrill was called to Southern California by the death of his brother-in-law, Earl G. Dole of Burbank, California.

Trouble has come double at the Davidson household this week, with Carl receiving sympathy because of his horse which had the misfortune to cut his foot badly on barb wire, and Betty receiving condolences over the death of her pet turtle. She refused to believe it had died when her mother told her, but the following morning, when the full realization came, she wept copiously. Mrs. Davidson said, "Well, I told you last night it was dead, why are you crying now?" Cried Betty, "But it wasn't as dead as it is now."

School will begin September 12 and all first grade scholars are required to have their health certificates before entry. All students entering their freshman year, also, are reminded, that school begins for them September 6, and they, likewise, are to have their health examination before school opens.

Ruth Mitchell and Betty Dunlevy have been exchanging sympathies, since both girls received injuries to their heels, Ruth bruising hers on a rock while swimming and developing infection, and Betty stepping on a nail while picking beans, and necessitating cauterization to her injury. The girls are back at their jobs in the Gore yard, however, though still hobbling.

Mr. and Mrs. Harve Duer have purchased and moved to a 21 acre home on the Hazelton road west of town. Mr. and Mrs. Wood will be the new owners of the Duer farm.

Miss Margaret Hemenway is confined to the Sacred Heart hospital because of a coronary thrombosis condition.

Walter Tracy has returned to his home after an absence of a month, having attended the Reich American School of Auctioneering of Mason City, Iowa, one of the foremost schools of its kind in the world. After studying all phases of the art, which includes a knowledge of stock judging, reading pedigrees and voice control, under the supervision and instruction of fourteen of the world's leading auctioneers, Mr. Tracy graduated with full honors and the degree of Colonel of Auctioneering. Col. Tracy has the best wishes of his neighbors in his new profession.

Odd Fact
When a man in Bernardsville, N. J., parked his dump truck loaded with all from a construction project in his front yard, a robin flew in, built a nest beneath the front fender, laid four eggs and began setting. Now the owner of the truck won't move it until the eggs hatch.

Safe in Crash

FAMED American mer Ruth Nichols (above) was known to be safe in the crash of a Transocean Airlines DC-4 off Ireland. Miss Nichols, who had been traveling in Europe, suddenly decided to return home and shipped on the plane as a hostess. There were 58 persons aboard the transport when it plunged into sea. Words of the Wise

It is the divine attribute of the imagination, that it is irrepres- sible, unconfined; that when the real world is shut out, it can create a world for itself, and with a necromantic power can conjure up glorious shapes and forms, and brilliant visions to make solitude populous, and irradiate the gloom of a dungeon. —(Washington Irving)

Household Hint

Steam-pressing is the only way to remove a hem line from a wool skirt. If threads are broken from the abrasion of wear, such a hem mark cannot be removed. When steam-pressing, use a rough woolen cloth between the skirt and the damp cloth. Try to brush up the nap. If this doesn't help, you can try sewing a fine, matching braid over the hem line.
