Moose Bowling Starts Oct. 13th

Thursday October 13 will open the 1949 Moose bowling league play. The fact that the local alleys are extended and refinished so they meet with the approval of the American Bowling Congress will mean a great deal to local bowlers. Following is the Moose league lineups: Kelly's Market, Con's Tavern, C. G. Auto Supply, Grove Tavern, M. E. Toggery, Quality Market, The Club and Union Oil.

First week schedule: Thursday, Oct. 13, Con's Tavern vs. Grove Tavern; Quality Market vs. The Club; Monday Oct. 17, Men's Toggery vs. Kelly's Market.

OCE FAVORED OVER NEWBERG COLLEGE'S 8TH

OREGON COLLEGE OF EDUCATION, Monmouth — Although expecting a breather in the George Fox College game here next Saturday, Coach Bill McArthur isn't going to give his highly polished grid machine a rest before the week end. McArthur said his team looked weak in spots during the Linfield encounter won by OCE, 27-14, and the veteran mentor believes his "11" could have scored a couple more touchdowns had they played "up to snuff" in the Wildcat contest.

McArthur indicates he will use a number of freshmen when the Wolves tangle with the George Fox College footballers at Fairgrounds stadium in Monmouth next Saturday night. Reports indicate the Newberg collegers are not too strong this year and McArthur hopes to rest his first team when the two eleven clash here Saturday.

Next "tough one" for the OCE varsity will be October 15, at Monmouth, when the Wolves claw into the strong Vanport Extension Center Vikings. In their only contest of the season the Vikings garnered an impressive 36-7 victory over Tongue Point's Naval Base eleven.

NORTHWESTERN FEARS DISPATCHED TO 22 STATES

Northwestern fears — Bartlett's from Washington and Oregon — will appear on school lunch and welfare institution menus in 22 states this winter — states from Minnesota to New Mexico, according to a U. S. Dept. of Agriculture production and marketing report.

This widespread use of the northwest's bountiful Bartlett results from a United States Department of Agriculture purchase program, placed in effect to absorb a surplus of the fruit that threatened to overflow the market. Under existing legislation, purchases were limited to outlets that could be found for the fruit in school lunch and eligible welfare institution feeding programs. Even so, more than 234,000 boxes of Bartlett's were bought in the northwest, bringing growers \$504,000, at \$2.15 per box.

The shimmering effect of intensely-heated air near the ground, seen on a clear summer day, is termed optical haze. Sixty-two self-portraits of Rembrandt are in existence, according to the Encyclopaedia Britannica.

CG Lions Upset by Uni Hi Tiders Fri. By a 9-7 Score

(By Bob Hunter)

The winning streak of the C. G. Lions was halted at nine games as the Uni Hi Tiders scored a 9-7 upset victory against the favored Lions last Friday night.

The win gave the Tiders sole possession of top spot of the Willamette league totem pole.

The Lions won the toss and elected to receive. They made one first on their own 44, but Hayes fumbled and John Daily recovered for the Tiders.

Williams and Baker combined efforts to get the ball on the 37, but a backfield in motion penalty put it back on the 42.

Then quarterback Dave Fletcher shot a pass to Ralph Williams on the 10 yard line. Williams picked up six more through the line and Jerry Campbell made the Tee-Dee, also through the line. His cy for point was good to give the Tiders a 7-0 lead.

Early in the second quarter Dick Baker sent a 49 yard punt to the Lion 13-yard line. A clipping penalty put the ball back on the Grove 1-yard line.

Hite took the handoff from Malcolm and went wide to the right, but deep in the end zone where end, John Daily nailed him for the safety, which later proved to be the winning margin.

The game was played on even terms the rest of the way with the Tiders threatening only once. The drive was halted on the two however when the Tiders fumbled and Abe Cruse recovered.

The Lions picked up their line tally in the fourth quarter. Webb heaved a 41 yard pass to end Bob Cook. Cook romped 15 yards after receiving the pass for the touchdown. Hayes went through the line for the extra point.

The Lions tried desperately to get the ball across the goal line, but the Tiger forward wall was too strong.

Runways on New Athletic Field

Shown above are the runways for track events at the east end of the football field on the athletic field now under construction at the union high school. The one-quarter mile track around the field is expected to be completed for next spring's track events. A 2,000 capacity grand stand will be erected next summer, and the lighting will be installed at the same time. By next fall it is expected to have the football field ready for use.

Oregon Ducks and WSC Cougars Meet 8th at Pullman

University of Oregon, Eugene, October 5 (Special)—For the second successive week the Oregon football team will take to the road for its game. The Webfoots head for Pullman this week end to meet the rugged Washington State College Cougars.

Oregon needs only one more victory over the Cougars to tie up the standings in the 48-year-old series. Since rivalry was inaugurated in 1901 the Ducks have won ten games of the 26 played, with the Cougars capturing 11. Five games have ended in ties. The Ducks have outscored Washington State, however, racking up 213 points to the Cougars' 204.

Last season the Webfoots romped over Washington State, 33 to 7, in a powerful display of passing and ground power. But the game was played on Hayward field, and this season the Cougars play host. Washington State is always hard to beat on their home field. In 1947 the Ducks ventured into the Palouse country, and were lucky to return with their scalps, beating WSC only 12 to 6, in a battle that wasn't decided until the final gun. At one time during the tilt a snowstorm blew up, obscuring the field like a blanket in its late stages.

Saturday's fray promises to be a real battle. The Cougars have Fran Poltfoot, top-notch pass receiver, back at left end, and Bob Gambold again at quarterback. Coupled with the plunging power of Fullback Marv Cross and the getaway ability of speedy right half Don Paul, the Cougars pack offensive power.

Oregon, displaying a machine-like ground offensive this season in place of last year's concentration on the aerial game, is capable of both strong offensive and defensive games. Working two units, the Ducks, under the gridiron wisdom of Jim Aiken, have been playing sound, conservative football this year. Offensive ground duties have been handled by four main players, with several reserves playing a part. Left halfbacks Woodley Lewis and Johnny McKay, Right half George Bell, and Fullback Bob Sanders, with Earl Stelle at quarter, carry the load.

Beavers Clash With Huskies at Seattle Saturday

Corvallis, Oct. 5—After taking a double licking from California and Old Man Influenza last week, Coach Kip Taylor will attempt to revamp his Oregon State football forces this week for a foray to Seattle where the Beavers will take on the highly rated Washington Huskies Saturday afternoon.

The Beavers, who have dropped two straight league clashes to powerful California clubs, will attempt to break into the conference win column for the first time at Seattle but face another rugged assignment.

Washington put up a stiff battle before losing a 27-7 decision to mighty Notre Dame last week end and the Huskies were without the services of Hugh McElheney, brilliant transfer fullback from Compton, California junior college. The Huskies have one of the best crops of sophomores in the conference.

Only basis of comparison between the two clubs this year is the fact that Washington broke a tie in the last two minutes to edge Utah, 14-7, while Oregon State romped over the Utes 27-7. The Beavers and Huskies battled to a thrilling 14-14 tie at Portland last year.

Taylor plans to give the Beavers increased work on pass defense, punt and kickoff runbacks, and general defensive play during this week. All of these points were found lacking against California.

Legend of Butter

Buried butter was once an indication of wealth. It is said that a tree was often planted over the butter in order to identify the place, and under these conditions the tree turned red.

The temperature of the human body was formerly used as the base point for thermometers.

SOME OF THE LUCKY ONES

Mrs. S. P. Rattke was one of the successful deer hunters, bagging a three-pointer, which dressed 130 pounds. This was Mrs. Rattke's first deer to be killed. She and her husband went hunting last Thursday in the Burns area and returned Wednesday.

Mrs. Ruth Ryan, assistant bookkeeper at Gruber-Gettys, bagged a deer near Cougar Bend last week end.

Ben Hilliker was reported to have killed a deer in the Lorane area Sunday.

Floyd Hilliker, Delbert Safley, and Lloyd Aldrich each bagged a buck on a hunting trip to eastern Oregon last week end.

Art Weinkauf, Morris Shelton, Brighton Leonard and John Wilson each bagged a deer near Bohemia last Sunday.

A four-point buck was killed near Crescent, Oregon last Saturday by Preston Russell, Gowdville.

Career vs. Home

EXOTIC stripper Lili St. Cyr (above) is being sued for divorce in Los Angeles by husband Paul Valentine, an actor, who charges she wouldn't give up her career to become a housewife and was aloof to his friends. Valentine is claiming a share of her future earnings on grounds he helped build up her \$1,500 a week act. (International)

Cyclists Stop at Cottage Grove

Four college youths, Herb Bartlett, Ralph Myhre, Don Peterson and Merle Pierce, from Bremerton, Washington stopped in Cottage Grove Wednesday, October 5th on their way to Mexico City via bicycle. Three of the boys are from the University of Washington and one is from Bellingham Normal.

They passed their trial test from the Canadian border to Bremerton, then continued their long jaunt south. They plan to be absent from college a year, working their way along and visiting friends. The only time they will not be bicycling is when they hit the Mexican border, where they have to board a train to miss the rough terrain.

Food Leader

One of the rising young giants in the field of canned foods is frozen orange juice concentrate. The pack for this year is expected by food processors to be around 9 million gallons or 192 million six ounce cans.

Bovine Brucellosis

Studies made by veterinarians in India showed that prolonged rainy weather and lack of sunshine favored the spread of bovine brucellosis.

Lions Meet Highly Favored Axemen Fri. Nite, Eugene

The Lions meet the highly rated Eugene Axemen at the Civic Stadium in Eugene Friday night. The Lions are rated only an outside chance from being overwhelmed by the horde of good backs Eugene can muster.

An already dark situation took on even a darker tinge in the Lion camp when Sonny Hayes picked up a knee injury in Tuesday's practice and will be out for three weeks or more, and Ron Hite was injured on a hunting trip and will be out. Ray Boggs will be moved back from center to fill the half-back spot. Richard Wicks or Wayne Schmitt will hold down the center position.

Rugged practice sessions were underway this week to improve the blocking and tackling that was below par in the University Hi game. The line backing of Ray Boggs and the running of Jim Webb were the two bright spots in the play of the Lions.

Red Englert was elected team captain for the season. Every effort is being made to bolster the team spirit and practice sessions this week have shown a decided improvement.

NROTC College Tests Dec. 3rd

The annual competitive tests to select approximately 2,000 applicants for the Naval Reserve Officers' Training Corps college programs for the Naval Reserve Officers' Training Corps and its territories on December 3, 1949. Applications must be filed prior to November 12, 1949. All male high school seniors and graduates between the ages of 17 and 21 are eligible to apply for the program which gives a full four-year, government-sponsored college education at one of the 52 colleges and universities throughout the country in which there are Naval Reserve Officer training units.

In addition to the age limits, applicants must meet physical and mental standards and successfully pass an aptitude test. Application blanks and complete information concerning the program are available from all high school principals, college deans, professors of naval science, officers of Naval officer procurement, and all naval recruiting stations. In the Thirtieth Naval District, professors of naval science may be reached at the University of Washington, Oregon State College and the University of Idaho. The Office of Naval Procurement for this area is located in the Arctic Building, Seattle, Washington. The test itself will be given in cities in the 48 states, as well as Alaska, Hawaii, Puerto Rico, and the Canal Zone.

In this program, the Navy Department bears the expense of tuition, books, and the normal fees required by the college; and in addition, provides the student with a \$50 per month living allowance. The student may take any course that he desires leading to a bachelor or higher degree, but must include in his curriculum certain prescribed Naval subjects.

In return, he is obliged to participate in Naval drills and cruises, and if qualified upon graduation to accept a commission in the regular Navy or Marine Corps. After two years of active duty, he may elect to transfer to the appropriate Reserve Corps and return to civilian life; or he may request retention in the regular service, and if selected, make the Navy or Marine Corps his career.

Students deferred in this program will be deferred from induction under the Selective Service Act, pending completion of their academic course.

1949 Tourist Trade Nets \$110,000,000

SALEM, Ore., Oct. 5th (Special)—Oregon's 1949 tourist business brought estimated revenues of 110 million dollars into the beaver state, the Oregon state highway commission travel information department reported this week.

This figure shows a substantial increase, or 19 per cent, over the 1948 total of 92 million dollars and surpasses the 1947 estimate of 105 million dollars, the previous record. The last prewar travel year of 1941 is credited with a total of 51 million dollars. The 1949 figures are based on a state highway department traffic check of out-of-state automobiles at 15 major points of entry.

The survey reveals the average 1949 expenditure per day per person was \$5.75 as compared to \$5.35 during the 1948 travel year. Each out-of-state car represented an expenditure of \$113.39, based on an average load of 2.9 persons per car and an average stay of 6.8 days in Oregon, or equating \$39.10 per person. These figures represent motorists who stayed in campgrounds as well as those who patronized hotels, auto courts and resorts, providing a thorough cross section of Oregon vacation travel.

Approximately 777,450 out-of-state automobiles visited Oregon during the year, with average mileage of 832 for each, officials said.

Oregon attracted visitors from every state in the union, with California credited with more than 50 per cent because of its proximity and large population. As in previous years Washington and Illinois were second and third in the number of out-of-state cars, followed by Idaho.

Mending China

Don't throw away decorative glass and china if it gets broken. Run a strip of cellophane tape along the cracks and it will hold together securely.

Acreage Goals

The 1949 national acreage goals for corn, oats, and soybeans are substantially the same as the 1948 goals.
