Colorful plaid slacks.

By VERA WINSTON

SLACKS CERTAINLY should stack up plenty of college credits for, with a sweater they add up to the most popular workaday costume for collegiate wear. Red, green, blue and yellow in big bold plaid blocks is the color scheme of this pair of lounging slacks made with classic trouser-pleated waist and a black velvet belt. A sweater type Jersey blouse in yellowish beige with a black velvet collar completes the outfit.

GROWTH OF POLIO CARE TEAM

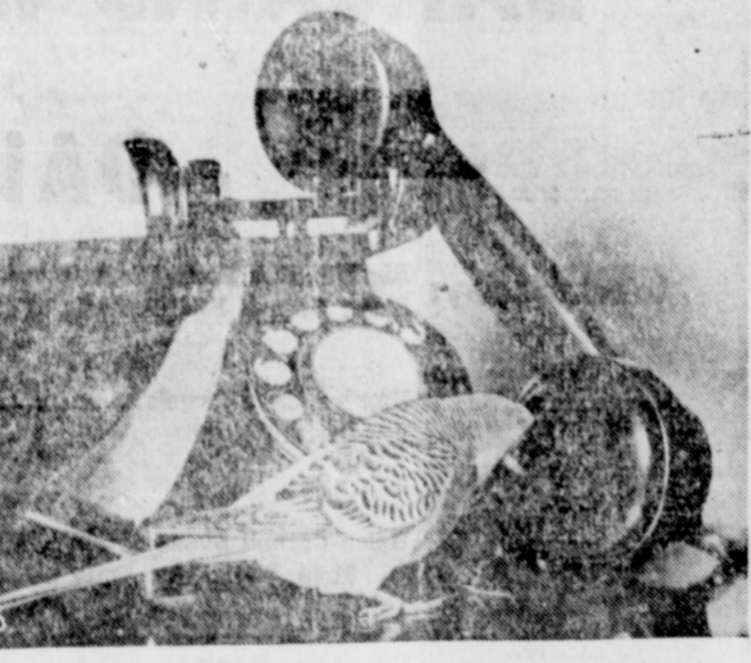

Medical care for polio patients is costing the National Foundation for Infantile Paralysis more money than ever before—because better treatment is available today than formerly, as the accompanying chart reveals. Until 1938 when the National Foundation was formed, a physician and a nurse usually comprised the best available care. Today, modern polio treatment may include 13 specialized services, provided by an entire TEAM of professional workers. This expanded care has cost National Foundation Chapters millions in March of Dimes funds. More money is needed immediately to continue these services. Support today's polio patients. Recipes Made With Pickles

By ALICE DENHOFF
GOOD cooks use pickles many ways.
We aren't just thinking of the tangy pickles that do so much to liven up short cuts, but of the pickle as a splendid ingredient for dishes that have that certain something. Housewives who select new recipes not only because they "sound" good and promise to be delicious, but because they have special nutritive value, will be glad to learn that pickles are packed full of vitamins, and that they do not lose any of their quality in cooking. So, having paid our tribute to the pickle, let's get on with some new and delicious recipes.
Pineapple Pickle Sauce gives that certain something to cod fillets that even the usual corner of fish will encore. To serve 4, melt 2 tsp. table fat; blend in 1 tsp. flour, 1/2 tsp. dry mustard, 1/4 tsp. paprika and 1/2 tsp. salt. Gradually stir in 1/2 c. each pineapple juice and water and 1/2 c. cucumber pickle liquid. Add 1/2 c. each fresh cucumber pickle slices and 1/2 c. drained pineapple chunks.
Place 1 1/2 lb. cod fillets in greased baking dish; add sauce. Bake at 400 F. for 20 to 25 min., basting occasionally.
A Fish Casserole
Halibut Pickle Casserole to serve 4-6 comes next. Melt 3 tsp. table fat over low heat; blend in 3 tsp. flour, 1/2 tsp. salt and 1/2 tsp. pepper. Remove from heat; gradually stir in 1 1/2 c. milk. Cook, stirring constantly until thickened and smooth. Stir in 2 c. flaked, boiled halibut, 1/2 c. sweet pickle relish and 1/4 c. diced pimento. Turn into greased casserole; top with 1/2 c. buttered breadcrumbs. Bake at 350 for 30 min.
Pickle Mustard Sauce with Fish is a wonderful way to make bland fish interesting and acceptable to every palate. To serve 4, melt 2 tsp. table fat; blend in 2 tsp. flour, 1/2 tsp. salt and 1/2 tsp. pepper. Remove from heat; gradually stir in one c. milk or fish stock. Cook, stirring constantly, until thickened and smooth. Add 1/2 c. prepared mustard, 2 tsp. sweet pickle relish and 1/2 tsp. Worcestershire sauce. Heat thoroughly. Serve with your favorite boiled fish.

ANYONE ANSWERING GETS THE BIRD

NO ORDINARY BIRD CALL is the one pictured above. For Jellicoe, feathered member of the warbling parakeet family, is a bird with a vocabulary of 100 words and his owner, Mrs. May Mathews, London, England, has trained him to answer phone calls. Thus, her friends are amazed when they make a call and hear a parrotty voice announcing: "Hello, darling, my name is Jellicoe." He also gives his address. (International)

DERAILMENT RIPS TRACK, SUTHERLIN

Several hundred yards of track and three railroad cars were damaged Monday morning in a freight car derailment at the Sutherlin depot.

Jerry Parker, Sutherlin Sun, quoted Southern Pacific personnel as saying the derailment was believed caused by a broken connection as loaded freight cars were being moved on the track.

Household Hint

When you want a good absorbent for fresh stains, try dry starch. Fuller's earth and dry cleaning powder are good, too. Keep at least one of these absorbents on your cleaning shelf to have on hand in an emergency.

If you discover pests in your pantry, burn all contaminated food, wash the cupboards thoroughly with hot, soapy water, and use a good insecticide spray lavishly.

To remove nail polish from a cotton material, sponge the stain with nail polish remover, or apply a drop of banana oil to soften the polish, then use a dry cleaning soap.

Give your shoes extra protection against stains and scuffing by polishing them before wearing them for the first time. Do the same with smooth leather handbags.

A man's shirt will last longer if he remembers to slip his necktie into place before putting the shirt on. This is better than forcing the collar up and back down again after it has been buttoned.

The answers to everyday insurance problems*
By G. B. ARNEST

QUESTION: My husband's golf club has offered all the members insurance policies which protect them from damage claims which result from someone being hit by a golf ball or from property damage claims—broken windows, etc. The premium is very small but I'm wondering if the Comprehensive Personal Liability policy which my husband already carries doesn't cover him in such accidents. I'll appreciate your telling me if this is so.

ANSWER: The Comprehensive Personal Liability policy covers your husband when he is playing golf or when he is engaged in any other activity within the limits of the policy. In all probability your husband's policy protects the whole family in the same way.

★ If you'll address your own insurance questions to this office, we'll try to give you the correct answers and there will be no charge or obligation of any kind.
