The Answers to
Everyday Problems
By G. B. ARNEST

QUESTION: We are planning
to trade our car in on a new
one and I'd like to know if our
present liability insurance pol-
icy will cover the new car when
we get it. Do we have to notify
the insurance company of the
change?

ANSWER: Your present policy
will protect you for thirty days
after you change cars but you
should contact your insurance
agent about changing the pol-
icy as soon as you get your
new car.

★ If you'll address your own
insurance questions to this of-
fice, we'll try to give you the
correct answers and there will
be no charge or obligation of
any kind.

Fills the bill

If it's gas economy you want in a big car, here's the husky 3600-pound traveler that picked up the Grand Canyon Economy Sweepstakes at 26.5 miles to the gallon. If flashing pick-up and performance are your desire, touch your foot to an eight cylinder "Hi-power Compression" engine that is setting new track records everywhere. For luxury, take a tip from Detroit automotive engineers who are calling Mercury the "perfect combination" of luxury and performance for 1950. And if comfort sounds inviting, relax in Mercury's Fiberglass-quieted, "Customized" two tone interiors—in deep foam rubber seat cushions—with effortless "Stedi-Line" steering at your fingertips. Lots of Westerners are driving this style leader for as little as \$49 a month. Why not you?
