HOWDY FOLKS!!

The Plumber stood on the bathroom floor,
The air was blue with smoke,
He'd just dropped a wrench in the bathtub,
We thought he'd surely choke.

Well anyway, the plumbing fixtures we sell aren't guaranteed against wrenches being dropped in them but we do guarantee them not to rip, ravel or run at the seams. Everything we sell is guaranteed to be mechanically perfect for a year from the date of sale. Now, we ask you to take a look at these values:

40 gallon electric hot water heater	\$ 71.50
3 piece colored bathroom set complete	\$209.85
3 piece white set complete	\$124.95
SPECIAL price on 1949 HOTPOINT DISHWASHER SINK —	

FHA terms available for installing plumbing, heating, sheet metal, wiring and pumps. Regularly \$379.95. Now only \$299.95

A SOCIETY of contortionists, we read, have just staged their annual gathering. Well, when it comes to conventions, that's certainly a new twist.

Speaking of new twists—Indiana second story artists swiped a burglar alarm. In the old days it was always the watch dog.

Officials of a Devonshire, England, town want its refuse collectors to wear snappy uniforms. Rubbish!

stussia, according to a news item, has returned to the U. S. a couple of ice breakers the Ivans borrowed from us. This, how-

ever, probably will have no bearing on the cold war.

British meteorologists hope to check high altitude turbulence by dropping postcards from planes. The "Wish-you-were-here" variety?

Zedok Dumkopf, looking at his lawn after being away on a two-week vacation, says he knows what the poet meant by being "knee-deep in June."

A new kind of food compound, a farm writer avers, will fatten pigs in half the time. Obviously, the squealers go after the stuff just like a bunch of hogs.
