

## LORANE

Mrs. R. G. Conner, Reporter  
Phone 140M

Mr. and Mrs. Charles Colgrove and children, Margaret and Charles, were Sunday callers at the Rodney Schurmer home. The Schurmers purchased their original start of portholes from the Colgroves at Monroe several years ago and Mr. Colgrove wanted to look them over.

Karen Lohk, Clara and Carol Tullock, Carol Garner and Betty Jean Patrick spent a most enjoyable week at 4-H summer camp last week.

Vern Armitage has again returned to a Eugene hospital for additional surgery on his arm. The last bone graft failed to knit properly and will have to be done over, in addition to an operation on the nerves and muscles.

Everyone has been so busy canning and freezing peas, cherries, and berries the past week that no one had time to do much that would make news.

The Conner family had quite a pheasant hunt one day when one of Robert's 4-H Chinas escaped its pen. However, after a frantic two hour search the little fellow finally tired of its freedom and came out of hiding ready to go back in its pen again.

Several children from here are taking swimming lessons at the Drain Pool. The lessons are each Saturday morning. Those in the five to nine age group meet at 9 a.m. and those from ten on up at 11 a.m. Parents are taking turns providing transportation.

## MOSBY CREEK

Mrs. Harry Castle Reporter  
Phone 19F12

Mrs. Erma Green and Mrs. Betty Myres honored Mrs. Neva Jean Thorenson with a pink and blue shower at Mrs. Green's home Monday, July 17. After the honor guest opened her dainty gifts, a lunch of cake, coffee and coolade was served.

Mrs. Ada Overton was hostess at a bridal shower honoring Janet Jenkins, Thursday, July 20, at the community building. Large jars of summer flowers decorated the tables. After Janet opened her many lovely gifts a lunch of cookies, jello, coffee, and coolade was served. Janet Jenkins and Roy Duerst will be married August 5 at the Baptist church in Cottage Grove. A feature of the shower was cookies decorated with the names Janet and Roy.

Mr. and Mrs. Ray Harnstedt and children of Sherwood are staying a few weeks at the Ben Anderson home. Mr. and Mrs. Harnstedt have a new baby boy, Carl Edward, born July 2.

Mrs. Jack Cline and 3 children of Oakridge spent several days at the Arnold Duerst home and attended Janet Jenkins' shower.

Mrs. Erma Green and Mrs. Ethel Seaver will be hostesses for a bridal shower Friday, August 1 at 1:30 p.m. honoring Charlotte Layng at Layng's grove. All friends and relatives are invited to come.

Forests cover a larger proportion of New England than any other comparable region in the United States.

## MOUNT VIEW

Mrs. Walter Dowens, 33F11

The Neighborly Neighbors club held its annual picnic at the city park last Wednesday. The club furnished the ice cream and the day was spent socially, with the children enjoying the playground equipment.

Mrs. R. M. Seaver and Mrs. Emma Green are giving a bridal shower for Miss Charlotte Layng, August 4 at the Layng grove. Charlotte graduated with the class of '30. No date has been set for the wedding. All her friends are invited to come spend a social afternoon.

Friends and neighbors surprised Joe Schneider on his birthday with two large cakes and ice cream. The evening was spent socially. Also attending was Mrs. H. M. Monroe, Mr. Schneider's daughter of Eugene.

Homer Powell has moved his portable sawmill from his farm to the south side of Serra Gorda.

Mr. and Mrs. John Thrun and family of Medford visited Sunday with Mrs. Thrun's brother, Fritz Tanner and family.

Mr. and Mrs. Fritz Tanner and Sharon visited at Veseta Sunday with Mr. Tanner's parents, Mr. and Mrs. Frank Tanner.

Mr. and Mrs. Winfred West and family of Latham were Sunday guests of the Frank Tanners. Barbara West is staying for a long visit with Sharon.

Danny Andreason of Eugene visited overnight with his cousins, Thora and Billy Seaver.

Mr. and Mrs. R. M. Seaver were Sunday visitors of Mr. Seaver's parents in Springfield.

Dinner guests of Mr. and Mrs. W. B. Layng Sunday evening were Mr. and Mrs. H. M. Monroe of Eugene and J. A. Schneider. Accompanying Mr. and Mrs. Monroe were Mr. and Mrs. Clifford Gowdy of Seattle, Washington. Mrs. Gowdy is the former Rosellen Lockwood, daughter of the late Mr. and Mrs. Ernie Lockwood, former businessman of Cottage Grove. Mrs. Gowdy is a cousin of Mrs. Monroe and Mrs. Layng and a niece of Mr. Schneider.

Mr. and Mrs. A. W. Thomas and family, accompanied by J. A. Schneider, motored to Eastern Oregon over the week end. They visited the Petersen Gardens on the way and were very much impressed with its beauty.

Mr. and Mrs. Frank VanNortwick and family motored to the coast Sunday, but the weather was so cold they motored by way of Triangle lake for a brief stop.

Mr. and Mrs. Elmer Tohlen of Creswell were dinner guests Monday of Mr. and Mrs. L. K. Brumfield.

Thora Seaver visited several days last week with Kathleen Gillispie.

Mr. and Mrs. L. K. Brumfield, C. B. Sears and Andy Sears Jr. were guests Thursday of Dr. and Mrs. Ernest Lebow at their cabin on Mosby Creek.

Grandma Raymond of Eugene has been visiting her sons, Carl and Curtis Raymond and their families.

Mr. and Mrs. Ernest Sears of Cottage Grove were guests at the Brumfields last Saturday evening.

Mr. and Mrs. Glen Cochran returned home Friday from a two weeks vacation trip. On their trip they visited their son, Charles Hobbs at Butte, Montana, Mr. and Mrs. Gavin Stewart at Deer Lodge, Montana, and Mr. and Mrs. Will Olson at Montesano, Wash. They also visited the Stanley Park at Vancouver, B. C.

The Lloyd Swansons spent Sunday at the coast, and stopped on the way back at Scottsburg and picked up their boat.

Mr. and Mrs. Tom Pariney are putting an addition on their house.

Mrs. Harry Williams is recuperating from a broken ankle. It is still quite painful, but we hope it will be better soon.

Those of you wishing to write a former friend and neighbor, who is recuperating from a serious operation; write Mrs. H. C. (Virgie) Duer at 1001 S.W. Central, Oak Grove, Oregon. She will be glad to hear from you.

Are you doing your part in having your community represented in the news? Either phone me any time before Monday night and I will write it up, or if more convenient you can turn it in at the Sentinel office. Just tell them which community it is for. Also Cook's store has a news box in which you can drop your news items and I will pick them up early Tuesday morning on my way to the Sentinel office. This should be very convenient for those not having phones. We appreciate the Cook's' thoughtfulness in helping to collect the news.

Mr. and Mrs. Frank VanNortwick and family attended the Eastern reunion at Bryant park at Albany last Sunday.

He that takes time to think and consider will act more wisely than he that acts hastily and on impulse.—C. Simmons.

## Post Stretcher Exhibit to Make Tour of State

A traveling wood preservation exhibit, to be known as the "post stretcher," which will be shown for the first time at a conservation tour and range re-seeding and equipment demonstration in Lake county early in August, has been scheduled thus far to be shown at 25 county fairs and farm meetings, announces Charles R. Ross, Oregon State college extension forestry specialist.

Materials in the exhibit are being prepared in cooperation with the Oregon Forest Products laboratory and the O.S.C. school of forestry. O. A. Taylor, O. S. C. senior student, will accompany the exhibit on the tour which will end with a showing at the Pacific International Livestock exposition, October 6 to 14.

Cold soaking methods of preserving fence posts using pentachlorophenol, copper naphthenate, and oil-gas tar creosote will be shown in the exhibit which includes actual soaking tanks. In the exhibit also will be a heartwood oak post which is known to be more than 100 years old.

Included also will be photographs taken of posts from the T. J. Starker post farm near Corvallis. At this farm, posts are

studied to determine their service life. Among fence posts which have an untreated life of 10 years or less are cottonwood, Douglas fir, and western hemlock. For a cost of 14 to 20 cents a post using the cold soaking treatment with a chemical such as "penta" the life of a post can be extended materially.

The exhibit will include a full-sized post peeler which will be shown in operation.

At each of the fairs where the exhibit will be shown, it is planned to leave an in-place exhibit to show the value of post treatment to prolong their service life.

A model dwelling house will be displayed with paint indicating the areas where wood should be treated to prevent over-rapid deterioration.

America's first commercial sawmill began operations at Berwick, Maine in 1631.

Six Steps  
to a  
better  
vacation  
in your  
Buick

1. Over-all LUBRICARE lubrication—including inspection of your Buick from radiator to rear end.

2. Removal of one front wheel, inspection of brake lining and wheel bearing.

3. Inspection of tires, plus cross-switching of wheels to save you money on wear and mileage.

4. Headlight aim corrected.

5. Stop lights and other warning lights checked.

6. Engine tune-up—for snappier performance and increased mileage economy.

Phone this week, for prices and an appointment—before the rush!

## Distributing forest products is a man-size job

A BIG PART of the cost of marketing our forest products is in placing them WHERE they are needed, WHEN they are needed, and in quantities desired. As most of America's population is in the East that is where we must sell in volume.

The map shows about how we serve these areas: How millions of tons of finished forest products are shipped by train, steamship and truck to all parts of the United States. While most products are shipped direct from the mills to customers, some lumber and plywood are stored in company-owned warehouses which are located in various parts of the nation. Then, as orders come in from lumber dealers and other buyers, we are able to make delivery from the warehouse located closest to the customer.

GOOD SERVICE such as this, plus quality products and complete selling services help build permanent markets—thousands of satisfied customers—for our products. It is these satisfied customers who keep our camps and mills operating. They are the source of all pay checks, the taxes we pay the government and the income our shareholders receive. Their orders contribute importantly to the prosperity of the communities in which we operate.

WEYERHAEUSER  
TIMBER COMPANY

WORKING IN THE PACIFIC NORTHWEST TO CREATE PRODUCTS, PAYROLLS AND PROFITS

## TO HELP INSURE A PERMANENT INDUSTRY WE—

**OPERATE TREE FARMS**—to provide a never ending timber supply for our mills. The forest crop is harvested, reseeded, harvested, reseeded—in about 80-year cycles.

**DIVERSIFY OUR MANUFACTURING**—in order to use all of the tree. The aim is to build manufacturing centers in each of our operating areas so that on one millsite we can make useful products from low value as well as high value material.

**DEVELOP NEW PRODUCTS**—to increase the "take" from each acre of forest land harvested. A staff of engineers and scientists spends all of its time in this work. More products mean more steady jobs.

**DEVELOP PERMANENT MARKETS**—to be reasonably certain that Weyerhaeuser products are in steady demand year in and year out, in good times and bad. We work toward consistent high quality, and apply modern selling methods to create customer demand.
