PUT YOUR HOUSE IN ORDER

Between October 8 and 14, Fire Prevention Week will be observed. So it's time to consider just what that week can mean to you.

You can, of course, take a cursory glance at fire prevention posters and news items and promptly forget them. You can doze when a brief fire prevention film is shown at the movies. You can turn the radio to another station when a fire prevention week speaker comes on. Do that, and you'll run a good chance of having a destructive fire—with the ever-present possibility of death and injury—some time in the future.

On the other hand, you can take the week seriously—and give your full attention to the suggestions and advice offered you. Then you can apply the expert knowledge thus gained to your home and other property. As a rule, fire prevention is both easy and inexpensive. It consists largely of such common-sense practices as periodically inspecting heating and lighting equipment, ridding buildings of accumulations of junk, providing proper storage for paint, cleaners and other flammables, and giving due care to matches and smoking materials. The basic purpose of the week is to refresh your mind on such matters, and to encourage you to get the job done as soon as possible.

Do this, and the chance of your having a fire will diminish. Fire Prevention Week is designed to help you put your house in order. How about it?

THE PLEASURE OF ANTICIPATION

The pleasure of anticipation is a goal that has spurred many individuals to greater heights. It has also played its part as a moulder of character. This is rather a strange subject to be writing about, but it is closely tied to a present day trend; inflation which is making it harder and harder for many folks to make ends meet. In the current Oregon voter, the story is told of a housewife, who in 1942 set out to buy a silver tea set she had long coveted. But after some eight years of stern self denial she found that the silver set had advanced in price to the extent that its acquisition was still discouragingly far away. She had to give up her project and buy needed commonplace and less expensive articles. How many people are presently having the same difficulties we have no way of knowing, but we do know of a school district or two which have made a small tax levy to buy some needed equipment only to find that the equipment rose in price faster than taxes were collected from the tax levy. There are other public building projects hampered because of inflation and rising costs. A few instances that we know of or have heard of are perhaps insignificant within themselves, but when multiplied by several thousands or perhaps millions they do become increasingly important and of public concern.

As the article in the Voter points out, one of freedom's most cherished privileges is the pleasant anticipation of secret ambition fulfillment for it shields from drab despair of discouragement and tones up the physical and mental make-up. It renders the daily commonplace endurable and bridges spiritual depressions. The public morale rests on its unhampered function.

MT. VIEW

Mrs. Walter Dowens, 33F11

The Mount View P.T.A. will hold its regular meeting Thursday at the school at 8 p.m. The group is trying to get a speaker for the evening to speak on Bill 316 that will be on the ballot in November.

Mrs. Davis, president of the P.T.A. will present a prize to the room having the highest percentage of parents attending P.T.A. meetings during the school year. So work for the room your children are in by attending as many meetings as possible.

Mount View school reports: 7th and 8th grades; room president, Carole Puckett; vice president, Ethel Puckett; secretary-treasurer, Dalene Underhill; reporter, Dick Green.

Class officers, 8th grade; president, Carole Puckett; vice president, Phyllis Green; secretary-treasurer, Dale Underhill. 7th grade; president, Dick Green; vice president, Larry Davis; secretary-treasurer, Ethel Puckett.

At present there are 80 pupils in the Mount View school. In the 5th, 6th, 7th and 8th grades, Mrs. Fleming, art teacher, is giving lessons in pottery making out of Mexican clay. They are making ash trays, vases and salt and pepper shakers. In the 3rd and 4th grade arts they are making their own silouettes. Dick Green, school reporter.

The Mount View Extension club will hold its first regular meeting at the Dorena Grange hall Friday, October 13. The lesson will be on "Synthetic Detergents" and will be given by the agent. The meeting will start promptly at 10 a.m. and if you are not on time at this meeting you will be in a fog as the meeting progresses. All that attend must bring the following items: 2 clean pint jars with tight covers (clear glass jars-not colored). They should contain one cup water from your home supply, measured accurately. One glass measuring cup and one ¼ teaspoon measuring spoon, one case knife with a straight edge, one teaspoon of your favorite detergent and two pot holders. Bring box for detergent if possible and know cost of box. This lesson will teach you how to use detergents for washing clothes, dishes, painted surfaces, dairy equipment, upholstery, etc.

Mr. and Mrs. H. F. Russum entertained at dinner Sunday in honor of the birthday anniversary of their son Dean. Guests were Mrs. Dean Russum and children and Mr. and Mrs. Bob D. Russum.

Keith Russum accompanied Mr. and Mrs. Sid Sheets to Easter Oregon on a hunting trip.

Kenneth Perini has received notice to report in Eugene Oct. 9 for his pre-induction physical examination.

Mr. and Mrs. George A. Munson and two children arrived from Oregon City and are residing at the Dorena Dam. Mr. Munson is the new assistant army engineer, taking the place of Mr. Shreve, while the latter is in the service. Mr. Munson was formerly employed at the Willamette Falls Locks at Oregon City.

Mr. and Mrs. T. A. Rucker of Glendale, Calif., returned home Tuesday, after a two weeks visit at the home of old friends, Mr. and Mrs. Albert M. Stacks.

Mr. and Mrs. Dean Russum and family and Cleo Patterson of Drain spent the week end visiting with the H. F. Russum and H. T. Williams families.

Donald Patterson has purchased a Aberdeen-Angus bull calf from Frank Gray to use in F.F.A. club work. Bob Russum also purchased a heifer calf from Mr. Gray and plans to make a pet out of it.

Mr. and Mrs. R. M. Seaver, Thora and Billy visited in Springfield at the home of Mr. Seaver's parents, Mr. and Mrs. J. R. Nelson. They all returned to the Seaver residence Sunday to spend the day. Additional diner guests were Mr. and Mrs. James Nelson and family of Eugene.

Mr. Earl Stanley, resident engineer at Dorena Dam, reports the clearing at the town site is expects to be completed by October 15. This consists of clearing the ground of the house foundations, tearing up the streets and restoring the area to its original state.

Mrs. Lucille Klinge, county school superintendent, visited the Mout View school Monday.

Mr. and Mrs. F. J. Gray and sons of Portland, Mrs. George Potter of Pleasant Hill and Bobby Schultz of Eugene visited Monday with Mr. and Mrs. Frank E. Gray. Mr. Gray and Mrs. Potter are son and daughter of Mr. and Mrs. Frank E. Gray.

Canada leads the world in production of asbestos and nickel.

ANTI-FREEZE SOLUTION

Bohemia Nuggets

Removal of the moratorium on mining claim assessments has resulted in a great deal of work being done this fall in the Bohemia District. About 250 claims are being worked, and a good deal of access road and trail work has been required to enable the prospectors to get in to their claims.

The Champion mine is running steadily, being operated by Ken Watkins on a lease from Bartels Bros., owners. A very good grade of concentrate is being made and shipped to the smelter.

The Musick mine has shipped a large tonnage of ore to the Champion mill for treatment, and mining continues here also.

Lessors on the Vesuvius properties have found a vein intersection which promises very well and they are opening it up.

Kruse and Williams, on the Cripple Creek group, are completing their new mill and getting ready for operations.

A number of new claims have been staked on promising ground, and all in all, the camp looks better than in many years.

LATHAM

Mrs. Esther Trunnell, Reporter
Phone 17-F-11

Those people who would like to vote Nov. 7 may still register until Oct. 7 at the home of Mrs. Hattie Sharp. North of the Latham store on the highway.

Jim Means who recently went into the ground force of the air corps is stationed at Wichita Falls, Texas, where his brother Robert was located a short time ago.

R. E. Yates of Portland spent Friday night with his wife's parents, Mr. and Mrs. Hugh Trunnell.

Jesse Lunsford, who passed away at the home of his granddaughter, Mrs. F. C. Harmon in Cottage Grove, resided with her here last year. He had been in a wheelchair for nine years following the breaking of his hip. His daughter, Mrs. Josie Mabrey, also lived with them here.

Lawrence McKay is visiting his brother Ray and Mrs. McKay at London. The latter two stayed with his during the illness and death of Mrs. Lawrence McKay.

Who hasn't gone deer hunting, perhaps it would be easier to tell. Here are a few of the many who have gone or will go this week end to eastern Oregon: Howard Beers, Harold Godard, Roy Beers, Mr. and Mrs. Carl Buffington, Roscoe, Everett, Gilbert and Lorraine Yearous, the Fred and Gene Harris families, Clare Chapman and sons Francis and Dennis. Clinton Garroutte joined his brothers Nelson of Blue River and Will for a hunt in eastern Oregon. Harold Godard was one of the lucky ones as was also Jim Graham.

Mr. and Mrs. George Quimby visited his sister, Mrs. Milton Ashley, and their mother, Mrs. N. S. Quimby at Walterville Sunday. They took with them her mother, Mrs. Fanny Watkins to help try out the new car they purchased Saturday.

Mr. and Mrs. Jim Youngblood and four children returned to Green Forest, Arkansas Tuesday. They sold their furniture and returned by car.

Mrs. Jim Youngblood kept Danney and David Morris Saturday and Sunday while their parents, Mr. and Mrs. Tommy Morris of Knox Hill went hunting.

Latham people should have especial interest in the sophomore class of the union high school as Joel Pynch is president and Marvin Hayes is treasurer. Both are Latham graduates.

Enrollment in Grades Keeps Going Up

Grade school enrollment continues to climb, Elmer Fleming, superintendent announced Monday when total enrollment of Adams, Jefferson and Harrison schools reached a total of 947 students.

This represents an increase of forty pupils over the initial enrollment of last year.

LORANE

Mrs. R. G. Conner
Phone 140M

Mrs. Frank Sessions was elected chairman for the next year when Home Extension club held an organization meeting last Thursday at the Grange hall. Mrs. Fred Carpenter is chairman of the ACWA committee and also head of the refreshment committee for the year. Other committee chairmen appointed were Mrs. Rodney Dillon, finance and Mrs. Harry Garner, publicity.

The first regular meeting will be at the Grange hall on Oct. 26, beginning promptly at 10 a.m. The lesson on "Synthetic Detergents" will be in charge of one of the county extension agents. Each woman is asked to bring the following articles to the meeting: 1 cup water from her own water supply; a teaspoonful of her favorite detergent; two clean pint containers with tight fitting covers; ¼ teaspoon size measuring spoon and a small cardboard box. A planned luncheon will be served at noon. The club will meet on the fourth Thursday of each month.

Mrs. Horace Taylor attended Pomona Grange at Central last Saturday.

Meeting time for Grange has been changed to 8 p.m. Refreshment committee consists of Mr. and Mrs. Horace Taylor and Mr. and Mrs. Robert Tew.

Older residents will be sorry to hear of the death of Wallace Winters at Sunnydale, Washington. The Winters' were residents here a number of years ago. Mrs. Winters will be remembered as Mildred (Milly) Lockwood before her marriage.

A quilt will be tied out at the next meeting of Ugo-Igo club at the home of Mrs. Horace Taylor on Oct. 13. Members are urged to attend so the work may all be done in the one afternoon. The quilt will be given to some worthy charity when it is finished.

Merle Ream of Eureka, Calif., is visiting his grandmother, Mrs. Ella Dey.

Mrs. T. P. Addison and son, Paul, went to Korbel, Calif., for the week end to supervise packing and shipping their furniture here. The Addisons' new home here has just received a new coat of white paint.

A hunting party consisting of John Schmitt of Cottage Grove, Lynn Wyman and his nephew, Emmett Ray of Dillard, are at Silver Lake looking for the big ones.

Mrs. Emmett Ray and three children are visiting at the Lynn Wyman home while the men are gone.

Ladies Aid of the Lorane Christian church meets every Wednesday for quilting. Anyone who enjoys quilting is invited to join them. Quilting begins at 10 a.m. with a potluck dinner being served at noon. Several quilts are on hand now so any help will be appreciated.

Larry Davis, a second grader, withdrew from school last week because his family moved to Yoncalla.

Several new pupils have recently entered Lorane schools. Jerry McEllmurry is a new second grader. Greta Fast, Dick Seeley and Jack Ladd are in Miss McClintock's fifth and sixth grade room and Henry Fast, Thomas McElmurry and Patricia Seeley are members of the seventh and eighth grade room.

There will be not school Thursday and Friday. The teachers will trade places with the pupils and go to school themselves. They will attend a Teachers Workshop held at Springfield High school.

The first Parent-Teacher club meeting of the current year will be held Friday, Oct. 13. A reception for new teachers is planned. Parents interested in Cub Scouts are urged to attend as a charter must be secured. New den mothers and committee members for the council are also needed. Unless more interest in scouting is shown by parents, the present pack may have to be discontinued as one den mother cannot care for all the boys who desire to be cubs in such a large community.

Marvin Gowing is on the sick list this week.

A 300 pound black bear was killed above the R. G. Conner home Sunday by C. K. Conner of Eugene. This makes five bears killed in the Lorane vicinity recently. The hunting party was composed of R. G. Conner and son, Robert; H. T. Conner of Medford, his son, C. K. Conner and son-in-law, Evan Anderson of Dexter.

New Zealand is primarily a farming country. Two-thirds of the surface of the country is suitable for farming.

Want to head the Hit Parade?

Better Buy Buick!

PERHAPS you've noticed that there seem to be a lot of these brawny beauties running around on America's highways—and it isn't just that boldly gleaming forefront that spreads this impression.

It isn't just the fact that folks who own a Buick get such a bang out of it that they do a lot of driving.

Back of all this is another fact. It's a fact that contains a broad hint to anyone who'd like to know what's what in motorcar buys. *1950 Buicks are breaking all past popularity records, as registered in sales.*

So we suggest that you do some personal investigating.

Find out, for example, how masterful you feel, with Fireball power purring away the miles, at a polite touch of your toe on the gas treadle.

Find out how the jolts and jars seem to disappear, when you have big soft coil springs on all four wheels, and fat low-pressure tires on wide Safety-Ride rims.

Then there's Dynaflow Drive,* which Buick owners vote the biggest automotive hit that has come along in years.

With all this, there's room, and comfort, and road-hugging heft combined with a light and willing response to your hand on the wheel—*and prices that start down with the sixes.*

Seems like almost everyone wants to own one of these Buicks—and most people can. How about you? Isn't it a smart idea to see your Buick dealer now and get your name on his list?

*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

Only BUICK has Dynaflow—and with it goes: HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New F-263 engine in SUPER models.) • NEW-PATTERN STYLING, with MULTI-GUARD forefront, taper-through fenders • TRAFFIC-HANDY SIZE, less over-all length for easier parking and garaging, short turning radius • EXTRA-WIDE SEATS cradled between the axles • SOFT BUICK RIDE, from all-coil springing, Safety-Ride rims, low-pressure tires, ride-steadying torque-tube

Tune in HENRY J. TAYLOR, ABC Network, every Monday evening. YOUR KEY TO GREATER VALUE

Phone Your BUICK Dealer for a demonstration Right Now!
