

Drunken Drivers Show Increase

Convictions for driving while intoxicated cost the operator's license of 1,942 Oregon drivers during the first 10 months of the year, an increase of 18 per cent over convictions for this offense during the same period in 1949, Secretary of State Earl T. Newberry reported today.

Oregon law requires courts to report convictions for traffic offenses to the department of state and make revocation of the offender's license mandatory in driving while intoxicated cases.

Mr. and Mrs. Kenneth Ward Move Into New Home

Mr. and Mrs. Kenneth Ward have recently moved into their new home on the Coast Fork near First and Quincy. The new home, a modern type cottage with a late type roof was constructed by V. J. Carlson and Son, contractors.

Among the outstanding features of the new building are redwood siding used on the exterior of the building and hot water heat supplied from radiators.

Assisting in the building operations were J. P. Walker, plumber, who installed the plumbing fixtures; Nelson Electric, (Radio Ray) who did the wiring and supplied the electric fixtures, and Jones and Halweg of Eugene, who did the brick work.

It is understood that Mr. and Mrs. Ward will be hosts to the contractors and builders with a smorgasbord luncheon.

DR. WEBB WILL TAKE REFRESHER COURSE

The office of Dr. Dean Webb will be closed all of next week, Dec. 11-16, while Dr. Webb is attending the University of Oregon Dental school at Portland.

Dr. Webb will be taking a refresher course in Full Denture Prosthesis, which will be limited to a class of 12 doctors. The course will be conducted by Dr. Jack Werner, head of the Prosthetics Dept., College of Physicians and Surgeons, San Francisco.

ceeding fatalities recorded for all of 1949.

December, always a month of peak traffic danger, may force the statewide toll to its highest point since 1947, Newberry said, adding that driving combined with drinking is one of the gravest hazards of the season.

Christmas Trees Can Increase Fire Hazard in Homes

That Christmas tree you are planning to set up in your home could be a major fire hazard unless you take a few precautions, the National Board of Fire Underwriters warns.

Tests made by Underwriters' Laboratories, Inc., demonstrated that Christmas trees of average size are easily ignited and burn furiously. The blaze could easily start a dangerous fire in the home.

Engineers of the National Board offer the following suggestions for making your Christmas tree safe:

1. Choose a small tree. It will be less hazardous.
2. Wait until a few days before Christmas to set up your tree.
3. Keep the tree outdoors until ready to set it up.
4. Place the tree in the coolest part of the house.
5. If a radiator is near the tree, shut it off.
6. Do not use cotton or paper decorations unless they are flame-proofed.
7. Do not place electric trains around the tree.
8. Do not use candles. Use electric lights instead.
9. Make certain wires are not frayed. Choose lighting sets bearing marking which indicates listing by Underwriters' Laboratories, Inc.
10. Do not plug or unplug the lights beneath the tree.
11. Do not leave tree lights burning when no one is in the house.
12. If needles near the lights turn brown, change the location of the lights.
13. When needles start falling, take the tree down and discard it.

Worried about the men on the Korean fighting fronts? Prove it by giving blood to help save the lives of the wounded. Call your Red Cross blood center and make an appointment.

Veep Exits Smiling

LEAVING the National Navy Medical Center at Bethesda, Md., to celebrate his 73rd birthday, Vice President Alben Barkley, smiles happily as, with his wife, he starts for home. The Veep has been undergoing a thorough physical examination. He is scheduled to return for a final hospital check-up. (Associated Press)

Scout News

by Mrs. J. H. Minkler
Phone 817R1

Hello to you all, little, big and middle sized. I'm looking for a girl scout who has passed her badge having to do with the weather so that I might ask her how all this water gets where it comes from and why so much of it comes at once.

There was a good turnout for the district meeting although two troops were not represented. During the morning, handicraft was displayed and explained. All kinds of inexpensive objects were shown some of which would fit into any of the different age groups. The complete display was given by local women and followed the Girl Scout organization's basic idea of pulling ourselves up by the bootstraps and drawing from our local resources in leadership, ideas and personnel. Cottage Grove's scout movement can be no better or worse than we, the people, of said city allow it to be by our interest, time, cooperation and effort under the trained guidance of our council executives.

The business meeting was held in the afternoon. Mrs. Cothrell gave the remainder of her report on the Sun Valley Conference.

Miss Ruth Robertson, field executive, told about the International Encampment to be held next summer at the Portland camp at Wind Mountain. Our Three Rivers Council was among those chosen to send a team to help set up a unit and later assist in dismantling it. Three girls from this council will be chosen to attend the actual encampment which includes only Senior (high school) Scouts and encourages us in Cottage Grove to activate Senior Scouting here.

It was announced that the national policies booklet has been revised and is available for each troop. One of the policies emphasized was that membership is open to girls of all races, classes and creeds.

The council has approved an alternate uniform for 7th and 8th grade girls and Senior Scouts. It consists of a green skirt and white blouse and regulations concerning its use will be found in the December bulletin.

Mrs. A. A. Nolt and Mrs. A. G. King were selected as Cottage Grove day camp representatives. Four women from this district attended the handicraft meeting in Springfield Thursday, given under the direction of Mrs. Irene Squires, the Willamalane Recreation director. They reported the meeting as one of the best they had ever attended.

The second grade Adams Brownie troop 90 reports that they presented a Christmas Santa Claus scene which they had made to the P.T.A. kindergarten children.

The fifth grade troop 140 was entertained at a birthday party on Nov. 27 by their sponsors, the Eagles Auxiliary, at the I.O.O.F. hall.
