

Couple United in Garden Ceremony At Corvallis Home, August 31

The rose garden of Mrs. E. C. Gilbert of Corvallis was the scene for the double ring wedding ceremony of Miss Hazel Marie Jones, daughter of Mr. and Mrs. Wallace Jones of Hermiston, to Gaylord Lee Collier of Portland, son of Mr. and Mrs. C. C. Collier of Cottage Grove, Friday evening, August 31, at five o'clock. Geraniums and other summer flowers added beauty to the floral setting. The couple exchanged vows before a white lattice arch decorated with pink and white asters. The Rev. William Terbeck, minister of the First Christian Church of Corvallis, performed the ceremony.

The bride was given in marriage by her father. Her wedding dress, which she had made, was of eucalypt embroidery, ballerina length, and had Peter Pan collar and three-quarter length sleeves. Her short illusion veil was attached to her white Juliet cap. She carried an arm bouquet of white gladioli.

Mrs. Rolland Grischnon of Portland, sister of the bride, was matron of honor and the bride's only attendant. Her ballerina-length dress was pink eucalypt embroidery and her arm bouquet was deep purple gladioli.

Mervin Englund of Eugene was best man and Rolland Grischnon of Portland was usher.

Larry Bails was soloist and was accompanied by Mrs. Terbeck, who also played the traditional wedding marches. Bails sang "I Love You Truly" and "Bless This House."

The bride's mother wore a gray crepe afternoon dress, while the bridegroom's mother wore a navy blue silk print. Both had corsages of white gladioli.

The reception was held at Christian House in Corvallis. Mrs. Charles DesNoyer of Albany, aunt of the bride, cut the wedding cake.

Reflections...

P.T.A. Is Ideal

It would be difficult to find a more closely woven group than Parents, Teachers Association. This organization was conceived for the benefit of children and has never deviated from that concept. It reaches a zenith of service.

Through it Teachers know and respect the wishes of parents and parents know and respect the problems of teachers; their meeting ground is the child.

The ideal of the Organization is never nebulous. It is practical, reaching to the grass roots of our Republic. A healthy Nation cannot long endure with sickly children, undernourished children, underprivileged children; P.T.A. works indefatigably to erase these curses on our National escutcheon.

Our heritage, our ideals, our future stability are wrapped in the welfare of our children. P.T.A. guards them jealously. It is a noble organization.

GOOD HEALTH

1. WERE WE HEALTHY IN 1950?

2. CAN CEREBRAL PALSY BE PREVENTED?

3. DO BEDCLOTHES KILL MANY BABIES?

Answer to Question No. 1: 1. It was our healthiest year in history. We have the lowest death rate ever and a continued high birth rate. Infant mortality rates were down. From 1940 to 1950 the general death rate decreased by 10 per cent and the infant death rate decreased by 38 per cent, a reward of our progress in medicine, nutrition and all phases of health.

Answer to Question No. 2: 2. Prevention of cerebral palsy is possible in many cases but depends in greatest measure on good pre-natal and obstetrical care, good medical care in the early months of the child's life and prevention of accidents, infections and other sources of brain damage. With the organization of the United Cerebral Palsy Association and establishment of special clinics throughout the country a new day of hope is dawning for rehabilitation of cerebral palsy victims.

Answer to Question No. 3: 3. While death certificates often have listed suffocation by bedclothes as a cause of death (one-half the infant deaths between 1945 and 1949 were so listed) recent investigation has shown that most such deaths actually were caused by acute infection in throat or lungs. Mothers should continue to guard against suffocation but also should be particularly alert for signs of colds in young babies and should call the family doctor early when there are such signs.

Pretty new shoes.

By GRACE THORNCLEIFFE
SHOWN are some dainty footprints along fashion lane. First is a sort of Cinderella glass slipper in a new version of colorless transparent plastic combined with navy suede. It is a nice choice for summer dress-up occasions. Next is a new version of the ever-welcome spectator sports shoe, this one in natural linen crash with navy kid underlay and buttons on the vamp.
