Lovegrens to Form New Lumber Firms

Grant Lovegren of Lovegren Lumber Co., local wholesale firm, announced this week that he had sold his interest in the concern to his cousins, Ken and Ed Lovegren, who plan to move the office to Eugene. The change was effective March 1.

Mr. Lovegren said that as of April 1 a new firm would be formed here called Lovegren & Husted. This will be a partnership between Grant and Bud Husted, who has been with the concern since 1949. Grant joined the firm in 1946.

Lovegren Lumber Co. was started by Bill Lovegren, father of Ken and Ed.

POST OFFICE HITS HIGH IN ABSENTEEISM

Postmaster Sam Veatch has reported an all time high in absenteeism in employees this week due to illness. The office is running with five men short, two clerks, two carriers and one substitute, which is slowing up the delivery of city mail.

It is hoped this handicap will be overcome soon and delivery will be back to normal.

The outgoing mail has not been affected.

Why couldn't Uncle Sam be used as a dependent in figuring income taxes?

In Training

Pvt. Wayne A. Underwood, Ft. 79 Air Force, who is in training at Lackland Air Force base at San Antonio, Texas, is the son of Mrs. Pearl Underwood formerly of Cottage Grove. He is a graduate of the local high school and entered service on January 9 of this year.

A companion with Odell, Roland E. Olbekson, 22, was fined \$50 in Municipal court on Monday on charges following the dispute at the station. The same man was fined \$100 in Eugene Municipal court last Friday on a charge of reckless driving.

52 BUILDING PERMITS SHOW SOME INCREASE

Building permits for city construction reached a high of \$28,100 in January but dropped to only \$2,800 in February.

The January figure represented almost all new residential construction. This is compared to 1951 figures when only \$6,600 in permits were issued in January and about \$14,000 in February.

The big construction months last year were March and September, including permits for the large Harrison addition, the M&W market and the new Githens building.

Library Circulates Record Book Number

A record number of books went into circulation from the City Library in January, according to a report released recently. A total of 2,030 were borrowed compared with 1,483 in December and 1,486 a year ago.

The number of borrowers also is on the increase, reaching a high of 1,675. This has been enlarging every month since the opening of the new building.

Also a new note added recently is the lovely shrubs and flowers for landscaping attractiveness.

Best Sellers
For those who follow current best sellers, the following is a list of some of the newer volumes at the library:

Treasure in the Dust by Frank C. Hibbin, the story of ancient man on the North American continent. The Serpent-Wreathed Staff by Alice Tisdale Hobart, a story of a doctor in a Midwest town.

Lucy Carmichael by Margaret Kennedy, author of The Constant Nymph. This is a story of a girl in an English community.

Alaska Silver by Martha McKeown, a northland adventure story.

Two Fire Victims In Local Hospital

Mr. and Mrs. Mervin Hoyt of Yoncalla were treated at Cottage Grove Hospital Tuesday as a result of severe burns received when their home was destroyed by fire.

They received the burns on their hands and face when they re-entered the home in an attempt to save their baby. Unknown to the couple the infant had been carried to safety by a visitor in the home.

According to reports available, diesel oil had been put on a wood stove fire in the home catching the flue on fire and destroying the entire home.

Accident Victim

Mrs. Donna P. Zoller of Seattle was treated at the hospital Wednesday for severe scalp lacerations received in an early morning accident on Highway 99 south of town.

The car in which she was riding is said to have skidded on icy pavement and was hit by a passing truck. Driver of the car, Fred T. Chrichton, 20, of Seattle, and a passenger, Barbara Anderson, 19, of Tacoma, were given out-patient treatment for minor injuries. Mrs. Zoller's infant son, Terry Lee, also a passenger, was not injured.

Income taxes are high enough, but what if the government taxed the average family's outgo?

It has been suggested that one way to make a permanent peace might be to abolish diplomacy.

Carnival Proceeds Buy Play Equipment For Latham School

Proceeds from the Latham school carnival last fall will go to purchase a portable radio and phonograph, and the balance for playground equipment, according to an announcement made this week by the Latham Lunch club, a mothers' group, and the school board.

The playground equipment will be erected by the 4-H Electricity club under the direction of William Bryson, leader.

The phonograph will be used in the primary grades and the radio in all grades to listen to special programs.

Discerning the rights of man, we cannot fail to foresee the doom of all oppression. Slavery is not the legitimate state of man. God made man free.—Mary Baker Eddy.
