In the 4-H club story of the various districts in the Cottage Grove area last week, Latham was credited with only five 4-H clubs.

In addition to those five mentioned are Latham 4-H Sewing club with three divisions under Donna England, "Cooking Cookers," with Mina West as leader, the second division of cooking with Levita Floyd as leader, livestock with Joel Pynch as leader and cooking III with Nellie Harris as leader. All we need now are the vegetables to go with the other good things, but as yet the gardening club is not formed.

Another 4-H club at Latham is the Rose and Flower 4-H club with Mrs. W. J. Hudson as leader and Rosemary Hudson as assistant leader. President is Beverly Hudson; vice president, Sandra Hill; secretary, Avonne Jenkins; news reporter, Emily Jenkins; song and yell leader, Anna Johnson; game leaders, Carol Tole and Barbara Woodard. Their first projects are the African Violet and scrapbooks. They meet Thursday after school at the Hudson home.

R. P. Boyce Retires

Continued from page 1

Because he did not like the warm climate the young man came West in what he called "boomer" days.

He explained that this was the term given the transients that came to the raw West in search of fame and fortune and who never stayed long in one place.

Boyce, looking for adventure, went to the Seattle fair. He then got a job with the Pacific Express in Spokane. He planned to stay a week, he said, but stayed three months.

"I framed a telegram to myself from the Northern Express office in Portland saying they had a job for me and to come right away," he said.

"So I left and went to Portland. This was in 1911. I went down the street and spied the Northern Express office, went in to ask for a job and was told there was one."

At this time, he explained, the Southern Pacific was electrifying Portland's west side. He had a job in the accounting department of the Spokane, Portland and Seattle railroad until it was turned over to the SP. When it was abolished 15 men were out of work and were to be absorbed by the SP. Since Boyce was oldest man in seniority he had his choice, but he said he didn't make it.

"Instead a job came up that no one else would take, in Mexico," he said. So he spent a year with the SP at Palmpine where civil insurrection was going on.

"First thing they asked me when I reported for work was 'Can you handle a gun?'"

"I went in there on the last train that year and out on the first one the next year," he said. From there back to Portland in 1915 and a six-months job with the Union Pacific.

From there he got a position with the American Express Co. and was sent to Aberdeen where a woodworkers' rebellion in the mills was going on. So when a company man asked him if he would like to enter the foreign service, he readily assented.

He went into training in New York in international banking and travel in March, 1916. He was trained for Europe, but was suddenly booked for Hong Kong, where a man was needed.

He sailed in August, 1916 on the Empress of Asia from Vancouver, B. C. and landed in Yokohama. He did not like the looks of things so jumped ship. But the general manager of the express company there persuaded him to continue on, so he caught a ship to land him at his destination. He spent seven years from 1916 to 1923 as assistant manager and cashier of the company at Hong Kong.

In 1919 he sent a letter to "a little miss" from Texicana, Texas and told her to come "if she paid her expenses and bought her own ring," he said.

"She came," he said. The "little miss" is the present Mrs. Boyce. He knew her as Clare Bramble, whom he had met in Portland where she worked. Her brother, also a railroad man, he had met at the UP offices.

During the seven years Boyce had one 18 months vacation to the States. His son, Bob, was born in Portland and he took him back to the Orient when he was only six months old. Bob Jr. spent two years there.

Mr. Boyce said he returned from the Orient due to his health or perhaps "I would still be there."

The OP&E had offered him a job before the Orient trip, he said. But he recommended it to a buddy. He did not come directly to the job on his return, either. He worked for a sheep company in Albuquerque, N. M. and for a Portland investment company first.

He stopped in Cottage Grove

Dr. Schaffner Back From Medical Meet

Dr. Marlowe H. Schaffner returned Tuesday night from the 1952 post graduate assembly and convention held at Los Angeles and sponsored by the alumni of the College of Medical Evangelists.

The event is held annually to offer up to date medical knowledge in various fields of medicine and surgery for the general practitioner. About 1500 doctors from all parts of the United States attended for the week of lectures and

special courses. Opening address was given by Maj. Gen. George Ellis Armstrong, MC, surgeon general of the U. S. Army. Others included specialists from medical schools in New York, Boston, St. Louis, Chicago, Cleveland, Montreal and Los Angeles.

Mrs. Schaffner and three children accompanied Dr. Schaffner to visit friends and relatives.

PEELER LOG PRICES

Douglas fir peeler logs climbed up to the ceiling price for all grades in the Eugene area during the week ending March 8. Other forest products in the Willamette Valley were unchanged, according to the weekly farm forest products market report prepared from data supplied by the State Board of Forestry to the OSC Extension Service.

What is it like to retire? For Mr. Boyce it means working on his sons' houses on the hill up Bennett Creek way. Two lovely homes for sons Bill and Jim are in various stages of development. Bob has a nice, fairly new one up near the high school. Also in the family is a daughter, Louise.
