PORCELAINIZE against TIME and WEATHER... destroyers of the beauty of your car

PORCELAINIZE is a treatment for the finish of your car—old or new—not a coating. It produces a tough, dry, mirror-like surface with the strength to keep its beauty and the stamina to provide month after month of all-weather paint protection. Economical. Outlasts average wax or polish job 3 to 4 times. Let us save that sparkle, protect that finish! The cost is only a fraction of a repaint job next spring or summer.
