Carl Small has a window display in Pioneer Hardware store in Cottage Grove of his wood carving in cooperation with the National Art week exhibits. Mr. Small has previously only been appreciated for his clever wood carving by local people of the community who were visitors in his home where his carvings were to be seen.

London store has used a real log church made in miniature by Mr. Small in recent window displays.

Mrs. Small, who is a teacher at London school, has a small, real log house in her room at school. The pupils of her room delight in rearranging the miniature hand carved furniture before the real fireplace in the little house.

Election Largest
 The election last week was the largest for the London precinct when 187 voters voted out of a 210 registration. Voting was done comfortably at the back of London store arranged by Mrs. Dean Martin, registrar and manager of the store. New member on the election board was Mrs. Henry Hess taking the place of Murry Newton. Other members were Verne Shortridge, Chris Pfaff, Mrs. Charlie Powell and Mrs. Elvis Kelly.

A counting board was a new convenience this year with five members that speeded up the returns that were completed by 10:30 p.m. compared to 3 or 4 a.m. other years. To secure a counting board the precinct had to have at least 90 voters at the primary election. Serving on the board were Juanita (Mrs. Nelson) Bemis, substituting for Marjorie (Mrs. Wayne) Berggren as chairman; Mrs. Roy Ewing, judge, and clerks Mrs. Jeanne Morton, Mrs. George Sibley and Mrs. Arden Powell.

Gary Palki about ten years old, stopped, looked and listened before he started to cross the road near his home November 1, but he let the coming car go by, but he failed to see the second car following the first and stepped directly out in front of it. Fortunately he was only bumped, but he received a fracture of his right knee and has had to remain in bed. He is able to be up a little this week but must lose another week of school.

Another traffic accident near the Palki home happened Friday evening, November 7, when a car belonging to Mrs. Palki's brother, Frank Mericle Jr., was parked loading hogs in a trailer and was run into by an approaching car belonging to Reub Heinrich who could not see the signal lights in the fog. Only minor damage was reported.

Mrs. Fred Mills attended the Lane County postmasters meeting in Springfield Saturday and remained overnight with friends in Eugene to escape driving home in the fog Saturday night.

Another pink road brightened up the community last week when slag was hauled on the Clay mine road by a fleet of trucks Friday and Saturday from the Blackbutte mines waste slag piles that has the slag-pink color seen on so many of the logging roads in the vicinity. Work is being done on the Clay Mine road on Hobart Butte in preparation to opening the mine when the new government aluminum plant is built in Springfield.
