THINK OF FUTURE TRADE-IN WHEN YOU TRY OUT A CAR!

Reports Prove Mercury's Trade-In Value Tops Them All in Its Price Class!

Smart shoppers know the actual cost of a new car isn't found on the price tag. When you buy a car you're making an investment. When you sell or trade in that car, one, two, or more years later—you get back part of your original purchase price. With some cars, this resale value is disappointingly small. But with Mercury—according to four independent, impartial surveys—you get the highest resale value in the entire Mercury price class.

The reason? Mercury's consistent years-ahead styling, for one thing. Clean, long, low lines that set the

style and stay in style. Colorful interiors that keep their smartness for years. And Mercury's proven V-3 performance is another reason. A V-3 engine is the only type ever used in Mercury—and this latest is the best performer we've ever built.

So—before you buy any car—see us and get the full story on Mercury. Find out about Mercury's optional power features—the widest choice in the field—check on Mercury's proven economy record. Above all, just try a Mercury ride! We feel sure that once you've driven a Mercury, you'll agree no other car will do!
