New Olds to Go On Display Here On January 20

Oldsmobile for 1954 goes on display Wednesday, January 20, one full year ahead of schedule. It will be displayed at the Cottage Grove Motors.

"The new 1954 Oldsmobile models originally were planned for release in 1955," according to J. F. Wolfram, general manager of Oldsmobile and vice president of General Motors. "But original plans were scrapped early in 1953 when it was found possible to move the 1955 model up to 1954. The result of this skip-a-year program is the most completely new, completely changed, completely advanced Oldsmobile in many years."

The new models, "88," Super "88" and "98," are a full three inches lower than their predecessors without sacrificing ground clearance. They feature such sweeping changes as an all new body by Fisher, a new wide, wrap-around, panoramic windshield, new sweep-cut fender and door design and many other styling innovations.

The new "Rocket" engine is bigger—up in horsepower from 165 to 185 in the Super "88" and "98" models, (170 in the "88" models) and up in compression ratio from 8 to 1 to 8.25 to 1. Engine displacement is increased from 303 to 324 cu. in., and the entire car is redesigned so that the increased power is useable power—power that the driver can put to use in the medium and low speed ranges—in ordinary, everyday driving situations.

Many of the new styling features were inspired by the General Motors experimental dream cars, particularly the Oldsmobile Starfire. All models in the "88" and Super "88" series are not only three inches lower, but are two inches longer, and this, of course, gives the cars the new long, low-level silhouette.

The panoramic windshield and sweep-cut door and fender treatment are outstanding styling features, and contribute much to Oldsmobile's new "Sports car" look, even in the conventional two-door and four-door models. Fenders, front and rear, are higher—almost level with the hood in front and with the rear deck in back.

At the TPA meeting Tuesday evening Mr. and Mrs. Raymond Wicks and son, Tommy, showed their colored slides and gave a very interesting talk on their 35-day vacation trip to Alaska last August. They traveled by car and pulled their own trailer for convenient living, traveling every day but one. Their biggest disappointment was scarcity of wild animals, as they saw very few, caribou being the exception. They all agreed the nicest part of the trip was getting back to Oregon, and closer they got, the faster they found themselves driving.

On the sick list this week are Grace Kofoid, Maxine Partney, Arlyn VonNortwick and Gregory Pittman.

Mrs. W. N. Dowens, accompanied by Mrs. Lyle Shreve, drove to Eugene last Thursday to get the extension unit lesson on "Main Dish Meals," which they will give February 12.

Miss Oregon Helps

Miss Oregon, Patti Elaine Throop of Portland, adds her contribution to the 1954 March of Dimes. More support than ever before is needed in the current drive because of the costs of the new Polio Prevention Program of stepped-up gamma globulin supplies and massive testing of a polio vaccine during this year.
