Godards Install Daughter In Order of Eastern Star

An honor not often bestowed on parents was the installation of Mrs. Eldon Perrine (Lois Godard) as worthy matron of the Order of the Eastern Star at Kirkland, Wash., when her parents, Mr. and Mrs. S. L. Godard, and brother, Eldon, made a special trip to Kirkland to assist in her installation. Mr. Godard installed his daughter and Mrs. Godard acted as installing chaplain.

The installation ceremony took place the night of March 17 in a striking setting of gold, ivory and blue. Mr. Godard presented his daughter with a gavel, the head of which was made from a holly tree growing in the Godard yard and the handle was fashioned from a lilac bush.

Mr. and Mrs. Godard both assisted in Mrs. Perrine's initiation into the Order of Eastern Star 26 years ago in Cottage Grove.

Mrs. Perrine was the first worthy advisor of the Cottage Grove Order of Rainbow for Girls.

RAINBOW GIRLS ATTEND CHURCH IN BODY 4TH

Members of the Order of Rainbow for Girls will attend church services in a body at the First Presbyterian Church on Sunday, April 4, in observance of the birthday of their order which is April 6.

We wrote letters to Mr. Franklin, Mr. Gierau, Mr. Wolfard, and Mr. Caldwell, for pictures to give our store the right atmosphere. They were very helpful and generous. Why not stop by and see what we have for sale?

Mrs. Clark's second grade reports: Our second grade has been counting and writing from 101 to 200. We have been working on subtraction. Our number picture cards help us to see how many are left. Spelling is becoming easier for us, and many children are having perfect lessons.

REFLECTIONS

That Big I Am

C. Leonard Strack, Director of Safety for Yellow Cab, said, "Egotism is the indirect cause of most automobile accidents. Investigate 50 automobile accidents; 49 will fall under one heading, 'THAT BIG I AM'."

You and I have run yellow lights, taken the right-of-way when it wasn't ours, sat behind the wheel dragged with fatigue, driven too fast to stop soon enough; but then we've been lucky.

An automobile is one of the marvels of our time. It has given movement to rich and poor; it is a beast of burden that moves great quantities of our commerce, but the other side of that picture is frightful—people smashed and broken, maimed and crippled, all because of that BIG I AM.

Handle your car as if it were a dangerous weapon. Don't guess, know the number of feet necessary for you to stop, keep your car in tip-top condition and above all, deflate that BIG I AM.
