

'Candidates Fair' In Eugene Oct. 22

Thirty-seven candidates for office in the November 2 election will be "on exhibit" this Friday night at the Veterans Memorial Building in Eugene at Lane County's first "Candidates Fair."

The public is invited to come to the fair to meet and talk with candidates on all levels, congressional, state and county. Each aspirant for office will be seated at a card table with chairs placed for the convenience of those who wish to talk with him. There will be no speeches; a roving reporter will introduce candidates over a public address system.

The citizens committee which has organized the event, is made up of representatives from both political parties, the grange, the unions, the ministerial association, the Eugene League of Women Voters and interested individuals. Special prizes, concessions and other events are planned. Lane County's first voting machine will be on display.

William Tugman, editor of the Eugene Register-Guard has offered a copy of James Farley's book, "Behind the Ballots," to the political party with the largest representation among voters attending the fair. Other prizes include awards for the oldest and youngest registered voter and the voter coming from the greatest distance.

The fair starts at 8 p.m.

Public Records

TRAFFIC CITATIONS

Harry A. Cole, Coos Bay, released on \$5 bail for no tail light on trailer, October 15.

Grewelle to Attend Oregon Hi School Press Conference

UNIVERSITY OF OREGON, Eugene, (Special)—Larry Grewelle of Cottage Grove high school will take part in the 28th annual Oregon High School Press Conference at the University of Oregon, October 22 and 23.

The meeting will bring to the campus several hundred outstanding students and their advisors from high school yearbook and newspaper staffs. Delegates will attend panel and departmental meetings, plus the Oregon-San Jose State football game here Saturday afternoon and the annual conference banquet Friday night, October 22. Tours of the new school of journalism building, Eric W. Allen Hall, will be conducted for the students.

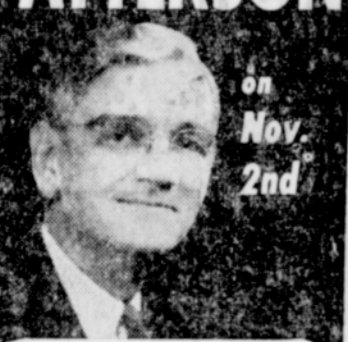

Sob Story Nets Merchant Marine Money for Watch

(By Mrs. Orville Lamb) LYNX HOLLOW — The merchant marine, who "must be back in San Francisco by tomorrow" and would sacrifice his expensive watch for expenses back to his base, was sacrificing watches in this area for about two weeks before it was realized the sales were somewhat of a racket.

Sympathy of the civilian is almost always with the "broke" service man so when these good looking watches with good looking bands were offered at prices ranging from \$15 to \$45 they were readily purchased. The man explained it was a real sacrifice as he'd paid (the price varied) from \$85 to \$125 for the watch. The stories also varied of why he was broke: sometimes he was just plain broke, or he'd come out loser in a game, his car was broken down, he'd helped out a sick friend, but if he could sell the watch he could still get back "tomorrow."

Six known watches have been purchased here and upon comparison are identical watches regardless of price paid for them.

Vote FOR PAUL PATTERSON

on Nov. 2nd

He is giving Oregon a fresh, vigorous leadership that people like and completely trust.

Paul Patterson for Governor Com., Tol R. Cam, Vice Chairman, 1226 S.W. Broadway, Portland, Ore.

'Parked' Car Runs Away; Damaged

By Mrs. J. W. Fisher Phone 33FD

THORNTON CORNERS—Mrs. Edna Wagner was more than surprised recently when she came out of the Knox Hill grocery after making a few purchases, to find her car had rolled down the hill and ran over the bank on the north side of the road, turning over twice before it landed in the A. E. Higgins yard. The car was quite badly bent in spots, but able to get onto the road again on its own power. A dog, left in the car, was uninjured.

Mrs. Maude Powell, formerly of Cottage Grove, has moved to her home here on an acreage which she purchased from the W. A. Hemenway place. She had a house built two years ago on the property.

Mr. and Mrs. S. H. Ramsey and children of Portland were recent visitors of Mrs. Ramsey's sister, Mrs. Grant Dulle.

Pete Tonole returned last week from an extended visit at the home of his son, Ethan, at Lakeside, where he did some salmon fishing.

Mrs. W. A. Hemenway of Springfield and Mrs. John Van Nortwick of Eugene were supper guests Thursday of Mr. and Mrs. Read Hemenway.

Mrs. Lyle Scott of Trent visited

Monday afternoon at the J. W. Fisher home. The Scotts have recently moved from their former home in Eugene to a farm which they purchased near Trent.

Mr. and Mrs. Hugh Aldrich and children spent Sunday at Florence and other points along the coast.

Mrs. Frank LaBlue and Mrs. Joe Premazzi attended a party Friday at the home of Mrs. Barbara Cox in Gowdsville.

The Knox Hill Neighbors club met last Thursday with Mrs. Nona Kelly at her home in Cottage Grove. A potluck meal was enjoyed at noon by the eight members present. At the annual business meeting officers were elected. Mrs. Frank LaBlue was reelected president; Mrs. R. C. McNew as

vice president; Mrs. Raymond White was elected secretary and Mrs. Audrey Carey as treasurer. The next meeting will be at the home of Mrs. McNew.

Mrs. A. E. Higgins entertained a group of friends at her home Friday afternoon. She served refreshments to the following: Mrs. Anna May Westburg, Mrs. Nellie Allen, Mrs. Rosie Martin, Mrs. Raymond Caig, Mrs. Edna Wagner, Mrs. C. R. Trent, Mrs. Gus Nowak and Mrs. Minnie Hoekett.

My sense of sight is very keen. My sense of hearing weak. One time I saw a mountain pass. But could not hear his peak.

— Oliver Herford

Postal Receipts Show 7 1/2 Percent Gain In First Three Quarters

A gratifying increase in receipts at the local post office has been noted at the close of the third quarter. According to Sam Veatch, postmaster, the first three quarters of 1954 showed a seven and one half per cent increase over the corresponding period of 1953. This is especially pleasing in view of the past business conditions.

If the postal receipts can be regarded as a business barometer, in this instance it can be regarded as a sign of improving business conditions.

THE DALLES DAM

When President Eisenhower dedicated McNary dam he paid glowing tribute to "my good friend, Senator Guy Cordon." Can Oregon afford to lose this priceless presidential support by sending a man to the U. S. Senate who would knife the Eisenhower administration at every turn?

CHIEF JOSEPH DAM

As usual Cordon's effectiveness with both Democrats and Republicans in the U. S. Senate made possible larger appropriations than House recommendations. For this project Cordon has secured a total to date of \$104,766,000—\$10,122,000 more than House recommendations.

ALBENI FALLS DAM

Cordon introduced legislation to authorize this project and secured funds for its continued construction while the Truman no-new-starts policy was in effect after the House of Representatives had refused to appropriate any funds for that purpose.

COUGAR DAM

The 83rd Congress appropriated \$150,000 for planning the proposed partnership construction of this project on the South Fork of the McKenzie river. The Federal-Power-or-nothing crowd fought the project tooth and toenail even though the local partner was a municipal power district.

JOHN DAY DAM

The John Day Dam between The Dalles and McNary Dams will cost around \$320,000,000 to build. In the last Congress Cordon introduced a bill to authorize construction of this dam with the local partners, public and private, putting up more than half the cost of the dam in the form of a prepaid power contract (preference going to Oregon) and the federal government retaining 100% ownership of the entire project as a part of the multiple purpose development of the Columbia River Basin.

HELLS CANYON DAM

It is a matter of record that Cordon introduced the only Hell's Canyon authorization attempt which ever came to a clear vote on the floor of the U. S. Senate. At that time Cordon's proposal was opposed by the public-power-or-nothing crowd in the U. S. Senate. There are other suitable dam sites on the Snake. Why hold out for one that the Congress has refused to authorize? Let's get something built and start the generators turning! Re-Elect Cordon!

A VOTE FOR CORDON IS A VOTE FOR THE EISENHOWER PARTNERSHIP PLAN, WHICH MEANS PAY-ROLLS, PROGRESS & PROSPERITY FOR THE PEOPLE OF THE PACIFIC NORTHWEST!

Not so long ago Cordon's opponent—the New Deal candidate for the U. S. Senate—was all in favor of keeping Hell's Canyon an undeveloped wilderness. Now he wants a dam built entirely by Federal funds provided by the taxpayers of the entire United States—or nothing! If this man has his way, not one additional kilowatt shall we have from the Snake river unless the long-suffering U. S. taxpayer pungles up every penny!

Recently this same State Senator, who now asks the voters to send him to Washington, D. C., jumped up in a meeting at Madras and stated he voted against the proposed Pelton Dam, which would have provided power for Central Oregon and would have been built entirely by private capital without cost to the taxpayers. He was a little confused there because the Pelton Dam proposal never came before the State Senate!

The Cougar dam on the South Fork of the McKenzie river is opposed by the New Deal candidate even though the "partner" in this project is a publicly owned municipal district.

Just what kind of power does this man want? It can't be electric power as such because he opposes everything but all-out Federal ownership.

We'll tell you. He wants a CVA with a stranglehold on the economic development of the Pacific Northwest! And the ultimate dream of the "planners" is a Federal Power Authority to operate nation-wide and control every river resource in the entire U. S.

Fantastic? Not at all. It is all part of a Master Plan. Eisenhower and Cordon say "let's get on with the job of developing the Pacific Northwest. Let's put our natural resources to work creating payrolls and prosperity NOW!" We need all the power we can develop, through every source—Federal, Private and Public!

Before you vote, take a good, long look at Cordon's record. In his 10 years in the U. S. Senate he has stepped up Federal funds for water development in this area from 4.7% to 27.5% of all the money appropriated for the entire United States.

Could any freshman Senator do as well—especially one opposed to everything the Eisenhower administration stands for?

Now what's all this guff about low cost Federal power? It's a fairy-tale pure and simple. In many classifications private power companies in Portland, Oregon sell power at lower cost than the TVA, which of course is subsidized by the taxpayers.

What about the Partnership Plan? Does the government pay for the non-income features?

Yes, it does. But then it always has. There's nothing new or different about that. Bonneville, McNary, The Dalles dam—all multi-purpose dams built entirely by Federal funds—charge off a percentage of construction and operating costs to such public benefits as flood control, navigation, conservation and so on. When the New Dealers tell you Bonneville, for instance, is "paying for itself" they are not telling you the whole truth about these "hidden" costs!

Remember, political hot air has never yet produced a kilowatt.

DON'T LET POWER POLITICS STAND IN THE WAY OF OREGON'S FUTURE!

A vote for Cordon is a vote for the Eisenhower Partnership Plan of orderly and comprehensive development of our hydroelectric resources!

On the left we list just a few of the power projects which Cordon has secured or has attempted to secure for the Pacific Northwest. We do not have space to begin to touch on the long list of irrigation projects and rivers and harbors improvement projects which Cordon has secured for Oregon including such projects as Hoystack Reservoir in Central Oregon, the Talent project in Southern Oregon, the Coos County and Lincoln County Harbor Improvements and several Columbia river navigation improvements, and many, many others.

Re-Elect CORDON U.S. SENATOR
