

SO. LANE STAMP SOCIETY TO MEET THURSDAY

The South Lane Stamp Society will hold its regular business meeting in the clubroom of the Cottage Grove city library, Thursday, February 10, at 8 p.m. All members of the society, and any interested stamp collectors, are urged to attend.

Plans for future public exhibition of local stamp collections will be discussed, and a program of guest speakers for the coming months will be reviewed before the society.

Members are requested to bring prospective members and friends for introduction to the society, and to join in the refreshment hour following the evening's business meeting.

Correction

In last week's issue of the Sentinel in the article about the Talented Show and basket social by the Cottage Grove Riding club, a mistake was made in that we reported Cecil Caldwell was master of ceremonies and called for the square dance for the evening. Instead it was Louis Caldwell who was guilty (just too many Caldwells.) While Cecil is a square dancing enthusiast, he doesn't feel that he is that good.

Also the first prize was \$10 instead of \$6 which went to Donna Stevenson and Carol Sue Brown, Creswell, who entertained with a vocal duet.

PEGGY EDWARDS SOLOIST AT COLLEGE RECITAL 15TH

Peggy Edwards, freshman from Cottage Grove, is among the six students of voice who will be presented in recital at Maryhurst college the evening of February 15. She will be accompanied at the piano by Marne Christensen of Salem.

This is the first participation by Miss Edwards as soloist in a college recital. She has made a number of appearances on campus and in the Portland vicinity as a member of the 40-voice College chorus.

Social Twelve club will meet at the home of Mrs. N. E. Compton on Thursday, February 10. Roll call topic will be "Birthdays."

Eugene Mineral Club Makes Field Trip Sun.

About 40 members and guests of the Eugene Mineral club participated in the field trip taken Sunday in the Hills creek area. The group met in Springfield at 1 p.m. and proceeded to the area where good cutting and polishing material was found in abundance.

One of the prizes of the day was found by Faye Rosencrans of Eugene who dug a large nodule weighing several pounds from near the surface of the ground. It appeared to be solid blue agate. Permission was given to hunt on private property, and the group was led by the field trip chairman, Paul Miller.

A field trip is being planned for Sunday, February 20, for the Cottage Grove area. Anyone interested in rocks or minerals is welcome to attend. They may contact Paul Miller, phone 328, Cottage Grove, for further information.
