William East Named to Federal Judgeship May 3

Judge William G. East, presently serving as Lane county circuit judge, has been appointed federal district judge by Pres. Eisenhower. It was learned here Monday, Judge East is expected to be confirmed by the senate for his new position.

Judge East came to Oregon from Kansas in 1927. He was in private practice before accepting the position of Eugene city attorney in 1947. He was appointed circuit judge in 1949. The federal judgeship pays a salary of \$22,500 per year.

The Lane county bar association is expected to pick two candidates from its members, one to fill the judgeship vacated by East, and the second will fill a third circuit judge for Lane county, created by the 1955 legislature, which will be ready when Gov. Patterson signs the bill.

Good To The Last Morsel

A delightful variation of the famous Chiffon Cake uses semi-sweet chocolate morsels both whole and melted to achieve new flavor as well as distinctive cake decoration. The melodic motifs on the cake are easy to make, despite their professional perfection.

Chocolate Orange Chiffon Cake

2 1/4 cups sifted cake flour
1 1/2 cups sugar
3 teaspoons double acting baking powder
1 teaspoon salt
1/2 cup salad oil
5 egg yolks, unbeaten
2 tablespoons grated orange rind
1/4 cup orange juice
1 cup egg whites
1/2 teaspoon cream of tartar
1 pkg. semi-sweet chocolate morsels

Sift together cake flour, sugar, baking powder and salt. Make a well in this mixture and add in order, salad oil, egg yolks, orange rind and juice. Beat with spoon 150 full strokes, counting only actual beating strokes. In a large bowl, beat egg whites and cream of tartar until whites form very stiff peaks (much stiffer than for Angel Food or meringue). If egg whites are underbeaten the chocolate morsels will sink to the bottom of the cake. Gently fold yolk mixture into egg whites with rubber bowl scraper until just blended. Turn 1/2 the batter into ungreased 10-inch tube pan, 4 inches deep; sprinkle 1/4 cup semi-sweet chocolate morsels over batter. Turn in remaining batter and sprinkle 1/4 cup semi-sweet chocolate morsels over top. Bake in a slow oven (325° F.) 65 minutes. Invert until cool. Cover sides and top of cake with frosting; decorate with chocolate musical notes. To make musical notes, press tip of semi-sweet chocolate morsels around sides and top of cake to form part of musical notes, using about 1/4 cup. Melt remaining semi-sweet chocolate over hot, not boiling, water. Remove from heat; blend with 1/4 cup confectioners sugar adding a few drops of water or milk to make a smooth consistency. Force through pastry tube to complete musical notes.

Wire Staplers—The Sentinel

Armored cars were in use by the Marine Corps as far back as 1916 and those early types attained speeds as great as 60 miles per hour.

Experts on things hirsute say that the average blonde may have 140,000 hairs in her head, the average brunette 108,000.

'Tis said that U. S. males spent nearly a billion bucks on their faces and scalps last year—in contrast to the \$960 million that the dames spent in beauty shops.

Lieutenant Harvey Olson of Seattle, Wash., piloted the first Marine Corps plane to land on Iwo Jima after capture of Motomania Airfield No. 1 by Leathernecks.

Guarding the mails was one of the odd duties Marines performed in past years. In 1921, and again in 1926, Leathernecks were assigned this task at the request of the Post Office Department and were highly commended for their efficiency.

Youthfulness should be and can be like the continuous flowering of a plant; but its blossoming is too often atrophied or stunted by faults of behavior which are like weeds growing over one's personality. —Gelett Burgess

During World War I, Marine Corps aviation consisted of 282 officers and 2,180 enlisted men.

In nothing be anxious; but in everything by prayer and supplication let your requests be made known unto God. —(Philippians 4, 6)

Since God — good, love, mercy, wisdom—is always and ever present within and around us, He is interested in our every thought and act, and none is too small or apparently unimportant to take to Him in unceasing prayer.

EASY REDUCING

Science now helps you take off your fat while you eat the foods you choose

Do you like sweets, candy, cake, butter, gravy potatoes? Have you tried one thing after another to reduce, spent dollar after dollar for pills and tablets and in spite of everything you've tried you're still too fat? Well, be as skeptical as you like, but now, right now, there's a wonderful new kind of capsule that helps you take off pounds and inches of ugly fat safely, quickly and so much easier you hardly know what's happening. You don't suffer starvation dieting hunger, you take no drugs, you don't exercise. In fact, you don't even diet one bit more than you want to, because you automatically eat less and here's why...

counteracts hunger
Just recently a well known scientist perfected a new tiny capsule that combines not one but ALL THE RECOGNIZED proven aids to reducing. It combines the vitamins and minerals often lost when cutting off fattening foods containing these needed vitamins and minerals. It combines the vegetable cellulose that has no calories yet expands when it absorbs water thereby helping give the feeling of a full, contented stomach. In fact these tiny capsules are so packed with vitamins and minerals, protein and non-caloric filling food, they actually equal and exceed many a meal.

fat goes fast
You'll be surprised at the fat you lose the first week, the inches that disappear the first month. No hunger, no strict dieting, no drugs, no exercise. And the cost is absolutely nothing unless you grow slim, more youthful looking, more active and enjoy better health.

We certify that ALL-IN-ONE CAPSULES are entirely safe for human consumption
