FEATHER BEDS

Remember the delightful warmth of Grandmother's feather bed? Brrr—no matter how chilly the night, you were warm as toast. Today, you enjoy the magic-like warmth of your modern electric blanket which has replaced the bulky old feather bed and those heavy woolen blankets. Remember?

SMITH'S FUNERAL CHAPEL

Bischel Receives Army Award

Awards for excellence in military subjects and performance of duty were presented at the annual spring military review of the combined Army and Air Force University of Denver ROTC.

More than 250 cadets passed in review for the occasion which preceded their annual inspection by top Fifth Army inspectors and Air Academy officers. Army Cadet Captain Leonard Bischel, son of Mr. and Mrs. L. F. Bischel, Sr., Cottage Grove, was awarded the United States Armor Association Award during the DU review. Bischel is a junior psychology major at the University.

The Military Ball in the University of Denver Student Union was the traditional climax to the year's military service. Major General John T. Sprague, commanding officer of Lowry Air Force Base in Denver, was the guest of honor.

for this wide-open beauty

It's the new kind of hardtop—
The 4-Door Riviera!

THERE seems to be some confusion about what a hardtop really is, and we'd like to set the matter straight.

A hardtop is a car that looks like a Convertible with the top up—but has a solid steel roof overhead—and no center posts in the side window areas.

Up until just recently, it could be built in volume only with two doors—not more—because it would take wholly new structural principles to hinge another set of doors without floor-to-roof center posts.

But Buick came up with those new structural principles and is now building—in volume—hardtops with four doors.

You see one pictured here. It's the 4-Door Riviera. And it's taking the country by storm...

Because here, at long last, is an automobile with the sleek and sporty styling of a true hardtop—but with separate doors for rear-seat passengers, plus the added room of a full-size Buick Sedan.

On top of that, this beauty is all Buick—with the buoyant ride of Buick's all-coil springing—the walloping might of Buick's record-high V8 power—the whip-quick

getaway and sizable gas savings of Buick's spectacular Variable Pitch Dynaflo.*

And it's available in Buick's two lowest-priced Series—the budget-tagged 188-hp SPECIAL, and the high-performance 236-hp CENTURY, illustrated here.

Come visit us for a first-hand meeting with the 4-Door Riviera—and see how quickly and how easily the last word in automobiles can be yours.

*Dynaflo Drive is standard on Roadmaster, optional at extra cost on other Series.

HOW'S YOUR

MEDICINE CHEST ?

Give your medicine chest an overhaul now and throw out the first-aid supplies and prescriptions that may be too old to be safe. Replace them with fresh stocks, if you need them. Remember, a prescription is for a special condition and should never be kept longer than is necessary. If you have any doubts about how long any drug can be safely kept, ask us about it. We'll be glad to advise you.
