Quality Service & Price

FUTURE

When you purchase an item here you can be **SURE** of getting value. We are of the opinion that operating a business is considerably more than merely disposing of goods.—It has long been our opinion that a business should be conducted so that the buying public will come back to the same store with complete

CONFIDENCE

We feel proud that throughout our 2½ years of operating in Cottage Grove, any success that we may have attained is due to our policies mentioned above.

100 years ago they sold from a **WAGON**—today the wagon is gone—in place, we have a modern store where we not only display a complete line of merchandise but also carry a complete stock of parts, and trained personnel, that we may satisfy your every need.
