Reflections . . .

Labor Day

The story of the Rio Grande, by Paul Horgan, is much more than a story of conquest. Conquest by force of arms has never produced wealth, nor happiness, nor peace either in the soul of conqueror or conquered. Wealth, happiness and peace come with labor, men who change raw material into goods for other labor to enjoy.

From the year 1519 until today, labor has supplied the substance, capital has supplied the money and management has furnished the plans; all together we have wealth, happiness and peace that is the envy of every country on earth. Each branch of labor recognizes the dignity and integrity of the other two. The three is a trinity upon which is built the most beautiful structure on earth.

We pay tribute to labor, salute the men and women who make the things that provide the highest living standard on earth.

P.S. Labor is an essential element in our Services; capital provides the setting while management executes your arrangements to make that smooth-flowing, perfect tribute.

New Rush Schedule Set for UO Coeds

UNIVERSITY OF OREGON, Eugene (Special) - A new rushing schedule for transfer women students and university coeds who have at least 36 term hours of credit has been worked out by the office of women's affairs. The new schedule will enable the students to go through rushing the week before registration and move into the sororities they pledge at the beginning of fall term.

Rushing, under the new plan, will be from September 16 through 19. During this time the women will live in Carson Hall on the campus. They will go through a simplified rush and will move into houses they pledge September 20. Freshmen women who rush will arrive on the campus September 18 and rush week will be September 23 through 27.

In the past, transfers and upperclass women who pledged during the regular rush week were required to live in the dormitories during fall term.

Cost of room and board in the dormitories during the short rush period will be \$10. There is also a \$5 rush fee. Those wishing to obtain further information concerning the revised plan may write or contact Mrs. Golda P. Wickham, director of women's affairs.

Doing is a great thing. For if, resolutely, people do what is right, in time they come to like doing it. —Ruskin
