T-V SET

to be given away at
our grand reopening
some time in May.

We have been open just one year, and there is just not enough room to say, nor words to explain, our thanks to thousands of you good people who have supported us during the past year.

Cottage Grove has been good to us. We shall try hard to show our appreciation by better service and better prices.

EXPANSION—We are now adding three thousand square feet to our front room. In early May we should be ready with more room, wider aisles, modern check stands, better service and better prices. Again we say,

"Thanks A Million"

Prices Quoted Good for Thurs., Fri., Sat. and Sunday
