WOULD YOU LET THE HANDYMAN TAKE OUT YOUR APPENDIX?

That's a rather terrifying thought, isn't it? And yet, many people prescribe their insurance — A BULWARK OF THEIR PERSONAL SECURITY — for themselves... without the help and experienced advice of a qualified insurance agent.

Insurance is one of the most complex sciences in today's business world. It demands the services of men who are willing to spend their lives in the constant study of its everchanging nature. Only such a man can bring your insurance picture into true focus... with the right insurance at the right price.

Do you really KNOW whether or not you are properly insured? Most people find out AFTER a fire... a windstorm... a collision... or a judgment. There's an easy way to KNOW FOR SURE, before it's too late! Let us analyze your insurance position without obligation. It may be that you are properly insured. If so, we'll tell you that. If not, we'll tell you what is wrong and what is needed. Then, the decision is up to you... but YOU WILL KNOW!
