

China

A number of pieces in decorated china which we will sell at the old prices.

KERR & SILSBY

THE EXAMINATION OF THE EYE

WE RENDER YOU EXPERT SERVICE

The examination of the eye, to be complete, must take into consideration points far deeper than a mere test for vision. Not only do we correct any defect found in the sight, but we also test the strength of the rotary muscles and correct any weakness found there, so that the eyes may work in unison and perform their functions without fatigue.

FITTING FRAMES AND MOUNTINGS

We pay particular attention to fitting frames and mountings so that the glasses will do the utmost good and not detract from the looks of the wearer. Unless the lenses are properly placed before the pupils of the eyes the result will not be satisfactory.

TORIC AND INVISIBLE BIFOCALS

We prescribe Toric or curved lenses in all cases because they allow a wider range of vision, fit closer to the eye and are more becoming. For persons needing glasses for both near and distant vision we supply bifocals which we have fitted with excellent success.

Relatives here have received word of the safe arrival overseas of Joe Smith, George Matthews, Ernest Wyatt and Warren Edwards.

To Our Patrons

In order to conform to the general regulations and the expressed policy of the food administration to conserve in every way possible, to eliminate all extra expense and additional work and to sell all goods as cheaply as it is possible to sell them, and also regulate the collection of our accounts according to the policy which the wholesalers have adopted towards the retailer, it will be necessary for us to collect our bills, in full, at least once every month.

This order will take effect September 1, and we trust that our friends, patrons and customers will feel that this is a patriotic conservation measure and that they will assist us in living up to this order by paying their bills regularly and promptly.

RED CROSS NOTES.
Will anyone having clean cotton rags, white or light colored, leave them at the sewing room or phone 138R? They will be called for.

We are not certain when we can have yarn. Knitters will be notified when it arrives.

BOTTLING, PULPING AND DRYING. ALL DONE WITHOUT SUGAR

"Save on sugar" is the latest S. O. S. flashed by the food administration to housekeepers.

"Maximum canning with minimum sugar" is the reply message sent back to Washington, and with this slogan the women of the country are going ahead with the campaign to save the perishables.

Here are six methods of preserving fruit without sugar, with reference to farmers' bulletins issued by the United States department of agriculture giving full details. If you need the details send for the bulletins by post card. They will be sent to you without charge.

Fruit Juice—Sterilize and bottle fruit juice for jellies, beverages and sauces (bulletins 859, p. 5; 839, p. 21; 853, p. 18).

Fruit Syrups—Bottle concentrated fruit juice for table syrup. Combine with corn syrup when served (bulletin 839, p. 21).

Fruit Pulp—Reduce fruit to a thick pulp and bottle or can for winter pies.

Save Money on Your Washings

by sending them to the Cottage Grove Laundry. Fuel, soap, and everything that enters into washing has greatly increased in price, but our charges have not risen accordingly. We can save your money besides, what's the use of sweating over the wash tub these hot days?

DRY CLEANING A SPECIALTY

sures and marmalades. Fruit Butter—A tart butter is made without sugar. Sorghum, corn syrup, or a little sugar may be added when opened for use (bulletins 900-853, p. 28).

Dried Fruits—Drying is the simplest method of preserving fruit and saves both sugar and cans (bulletin 984).

Methodist Church Services.
Rev. Joseph Knotts, pastor. Sunday school at 10 a. m. Regular preaching services at 11 a. m. and 8 p. m. Epworth league at 7 p. m. Mid-week prayer meeting Thursdays at 8 p. m.
