THE EXAMINATION OF THE EYE

WE RENDER YOU EXPERT SERVICE

The examination of the eye, to be complete, must take into consideration points far deeper than a mere test for vision. Not only do we correct any defect found in the sight, but we also test the strength of the rotary muscles and correct any weakness found there, so that the eyes may work in unison and perform their functions without fatigue.

FITTING FRAMES AND MOUNTINGS

We pay particular attention to fitting frames and mountings so that the glasses will do the utmost good and not detract from the looks of the wearer. Unless the lenses are properly placed before the pupils of the eyes the result will not be satisfactory.

TORICS AND INVISIBLE BIFOCALS

We prescribe Toric or curved lenses in all cases because they allow a wider range of vision, fit closer to the eye and are more becoming. For persons needing glasses for both near and distant vision we supply bifocals which we have fitted with excellent success.

To Our Patrons

In order to conform to the general regulations and the expressed policy of the food administration to conserve in every way possible, to eliminate all extra expense and additional work and to sell all goods as cheaply as it is possible to sell them, and also regulate the collection of our accounts according to the policy which the wholesalers have adopted towards the retailer, it will be necessary for us to collect our bills, in full, at least once every month.

This order will take effect September 1, and we trust that our friends, patrons and customers will feel that this is a patriotic conservation measure and that they will assist us in living up to this order by paying their bills regularly and promptly.

To Keep Sugar Records.

All retail grocers of Lane county have been requested by the county food administration to keep a record of every sugar sale made. Notices have already been mailed to all retailers and some of the merchants had previously begun keeping records. Every sale will be set down and, at the end of the month, the records will be sent in to the office of the county administration for checking. By this means it will be possible for the officials to ascertain whether or not any persons are purchasing their two pounds per month from more than one store. Persons found to be buying more than two pounds of sugar per person per month for their families are subject to prosecution.

Game Warden After Boys.

The game warden in the Goadyville-Silk Creek district reports that young men from the city have been in that neighborhood violating the game laws by shooting quails, which are protected by law from shooting at any time of the year, and other game birds upon which there is now no open season. He wishes to give warning that further infractions of the law will not be tolerated.

Elwyn McCargar Sees Airplane Battle.

Mr. and Mrs. R. McCargar have received an interesting letter from their son Elwyn, who is in the aviation corps in France, it being the first letter they have received from him in a number of weeks. He speaks of being able to see the German hills, and of witnessing an airplane battle in which the boche was defeated and fell at the place where Elwyn is stationed.

Card of Thanks.

For the many kindnesses shown us during the sickness and death of our husband and father we wish to express our sincere appreciation. Especially did we appreciate the flowers.

MRS. J. W. ISHMAEL
