YELLOW DEMON WILL BE HERE SATURDAY

Fighter Two Years in Trenches Will Tell of Things on the Western Front

Sergeant H. L. White, of the Kootenay battalion, Canadian expeditionary forces, will be with the Yellow Demon—the famous automobile that will carry a party of speakers here Saturday to speak for the Liberty loan.

This battalion was the first to be sent from the Kootenay district. Sergeant White spent two years in the trenches and was wounded twice and gassed. He will describe in a realistic and vivid manner the warfare of the western front, not only from the viewpoint of one who has witnessed it but as one who was a participant in some of the greatest battles of the great war. He saw service at St. Eloi, Ypres salient, Kemmel, Hill 60, on the Somme, Armentiers and Regina Trench.

This will be an unparalleled opportunity for the people of this section to hear first-hand descriptions of what is going on over there.

The Yellow Demon will be here at 2 o'clock Saturday afternoon.

GOVERNMENT SAYS DRILL; MEN JOIN HOME GUARD

Four men became new members of the home guard Tuesday night. They were J. S. Benson, Elmer Robbins, Art Gilbert and J. A. Schneider. Sergeants G. W. Marksbury and Roy W. Glass, who had been on furlough during the summer, were back in the ranks.
In view of the fact that the government is urging all registered men to prepare themselves for the possibility of service, it is expected that home guard companies will have large and enthusiastic memberships. The increase in the membership, and interest in the local company indicates that registrants are beginning to realize that home guard training is not only a patriotic duty but that it fits them to enter the army with every likelihood of early promotion to non-commissioned offices with substantial increases in pay.
