CHRISTMAS PARCELS FOR MEN ABROAD

Only One Package to Each Soldier, and That Must Be Sent Through Red Cross.

Families of men in service abroad are eager to make Christmas overseas as merry as conditions permit. The war department, realizing this, has decided that each man may receive from his family a Christmas package of standard size and approximately standard contents. The American Red Cross will prepare these parcels for mailing, an arrangement having been completed between the war department, the postoffice department and the Red Cross.
Shipping space available will permit the sending of but one parcel to each man. To avoid any duplication and to make sure that each parcel is correctly addressed, a "Christmas Parcel Label" is now being issued to every man abroad. Every man abroad will mail his Christmas parcel label to some relative or friend who will be entitled to send him a parcel complying with the conditions herein set forth. The relative or friend who receives a Christmas parcel label from a man in service overseas, will apply to the nearest chapter, branch or community auxiliary of the Red Cross, or to such other Christmas parcel station as may be designated by his Red Cross chapter, and upon showing the Christmas parcel label will receive one carton, 3x4x9 inches in size. It will be easy to ascertain from the newspapers whether cartons have been received at the Christmas parcel station. Application should not be made until cartons are on hand.
Specially manufactured cartons for this purpose will be sent to chapters from division headquarters, and will be distributed by chapters to branches and community auxiliaries or such other Christmas parcel stations as the chapter may establish, together with "Red Cross Inspection Labels" also furnished from division office.

The carton may be filled with any combination of articles that fit in it and which are not barred from Christmas parcels by the postoffice department. The list of parcels that may not be sent may be procured from the same place as the cartons.

The weight of the parcel must not exceed 2 pounds 15 ounces unswrapped.

When cartons is filled it should be taken to the place where it was procured. Red Cross representatives will inspect the parcel, and will

(a) exclude any article barred by the postoffice department from Christmas parcels;

(b) remove any notes or messages;

(c) wrap, tie and weigh the parcel;

(d) place on the parcel the Christmas parcel label received from abroad, bearing the name and address of recipient.

The person sending the parcel shall then in the presence of the Red Cross representative affix stamps at the rate of 12 cents for each pound or fraction thereof (parcel post rate to Hoboken, N. J.).

The Red Cross representative who inspected the parcel will then affix to the parcel the Red Cross inspection label, properly signed.

Parcels ready for mailing shall remain in the custody of the Red Cross until delivered by its representatives to the postoffice authorities.

No parcels can be mailed later than November 15.

No Christmas parcel can be accepted by the postoffice without the Christmas parcel label from overseas. No duplicate can be issued if a Christmas parcel label is lost. This rule cannot be altered by anybody.

These instructions have been issued by national headquarters of the American Red Cross, are based on the agreement with the war department and the postoffice department, and must therefore be strictly observed.
