RELIEF AGENCIES JOIN IN DRIVE

Recognized Great Organizations Representing All Creeds and Elements Welded Into One.

\$170,500,000 IS THE GOAL.

Plan of War Department to Avoid Waste of Energy and Duplication of Effort Enthusiastically Adopted and Unity Is Achieved.

WHAT GENERAL PERSHING NEEDS

"Give me nine men who have a hut and I will have a more effective fighting force than if I had ten men without it."

-General Pershing.

On November 11 the American people will start a one week's drive to raise the largest amount of money ever given outright by any people in the history of the world.

The drive will be a new thing under the sun. For the first time Protestants, Catholics and Jews, forgetting all their differences, will line up shoulder to shoulder, welding their individual organizations together in their common devotion to the boys in the amalgamation of the seven great agencles engaged in war work is one of the fine developments which have been brought about by the war and under the wise guidance of President Wilson.

The seven organizations which together will make this united appeal are the Y. M. C. A., Y. W. C. A., National Catholic War Council and K. of C., the Jewish Welfare Board, the War Camp Community Service, the American Library Association and the Salvation Army. Each of them will need funds this Fall; each had planned Republican Congressmen from Oregon a separate campaign for support. Now, acting on the suggestion of the President's letter of September 5, the seven campaigns will be rolled into one. The American people will be spared the burden of seven separate appeals, and the nation will have an opportunity to demonstrate splendidly that men and women of all creeds at home can work together, as men of all creeds over there are fighting and dying together.

Dr. John R. Mott, whom President Wilson has spoken of as one of the ablest and most useful men of his generation, has been selected Director General of the drive. It is interesting to note that Dr. Mott's name was placed in nomination by John G. Agar of the National Catholic War Council and seconded by Mortimer L. Schiff of the Jewish Welfare Board. The general committee having the campaiga in charge contains such well known names as Raymond B. Fosdick, Chairman of the Commission on Training Camp Activities; George W. Perkins, Chairman of the Finance Committee of the U. S. Steel Corporation; James F. Phelan of Hornblower and Weeks; Honorable Myron T. Herrick, former ambassador to France; Cleveland H. Dodge, George Gordon Battle, Mrs. Henry P. Davison and Frank A. Vanderlip, president of the National City

In every city, county and town the campaign will be in charge of the big-

gest men of the community. Together these seven organizations represent a work that is staggering in its proportions. They have more than 15,000 uniformed workers, standing shoulder to shoulder with the boys every step of the way from home to the front line trenches. They operate more than 3,600 buildings and ship 500 tons of supplies to the boys in France every week. Fifteen miles of film set sail for the other side each week under their direction, and the regular weekly attendance of soldiers and sailors at their motion picture shows is more than 2.500,000. The Bibles furnished to the boys since the war broke out would, if piled one on another, make a pile more than twenty miles high.

"Morale," said Napoleon, "is as other factors in war as three to one." By which he-meant that one man who is kept contented and happy is better than three men who are discouraged and homesick. It is the business of these seven great agencies to help maintain morale. They are keeping up the fine fighting edge of our boys, and by their ministrations, helping to put added power into our army and navy and so hasten the hour of victory when they will bring our boys home again.

It is predicted by national leaders that this great victory drive will "go over the top" in a larger way than any campaign that has preceded it.

REPUBLICANS HELPED PASS WAR MEASURES

Patriotism of Oregon's Congressmen Is Unfairly Assailed.

The manufactured and unsupported charge that "the election of a Republican Congress in November would be a source of comfort and elation to the Kaiser and his cohorts," comes with poor grace from the Democrats in these critical times when it is recalled that the votes of Republican members of Congress were required to pass the conscription bill and other important war measures. The votes of these Republicans were positively necessary at times when leading Democratic Congressmen balked at the President's war program and not only refused to support but actively opposed some of the more vital war measures.

And yet, despite this fact and the further fact that the President has insisted that "politics is adjourned," the Democratic National Committee is industriously circulating through its campaign literature the charge that the election at this time of other than Democrats to Congress would give "comfort and elation to the Kaiser and his cohorts."

In view of the records of Senator McNary and Representatives Hawley, Sinnott and McArthur, who have at all times supported the President's war program, this sort of propaganda should be vigorously resented by the voters of this state, irrespective of their political affiliations. This unfounded imputation that the four Republican nominees for Congress from this state are not dependably 100 per cent patriotically American can be best repudiated by electing them by decisive majorities.

A WIN THE WAR CONGRESS

The Main election supports the ad ministration's policy of force to the bitter end. Let us elect no pacifists this Fall. The four Congressmen elected from Maine, all Republicans. stood by the President when many of his own party failed to do so. They voted for every war appropriation, for the conscription acts, and for conferring all the extraordinary powers the President and his advisers sought. This is a good time for the voters to turn down every pacifist no matter to what party he belongs and to make it their particular business to elect to Congress none but those who can be depended upon to sustain the policy of force until Germany has been driven to her knees and a peace with victory achieved.-Leslie's Weekly.

The same may be said of the four -Senator McNary and Representatives Hawley, Sinnott and McArthur. They have unhesitatingly given the President the support he has sought in carrying out his effective war program. Governor Withycombe also has cooperated in every war activity. Their records stand 100 per cent. There is no excuse for replacing these trustworthy and dependable public officials in these critical times by untrained and inexperienced men. The voters of this state will fall short of their patriotic duty if they neglect to reelect Senator McNary and Representatives Hawley, Sinnott and McArthur, and Governor Withycombe.

Senator McNary and other members of the Oregon delegation are on the job at Washington attending to their official duties while contenders for their seats in Congress are actively campaigning here at home. Voters will do well to retain in Congress the men who are now faithfully representing the interests of the state and loyally standing behind the President and his prosecution of the war. This is no time to send new and untrained men to Congress.

Senator McNary was one of the 27 Republican Senators to support the Susan B. Anthony equal suffrage amendment. The measure failed to Creek pass. Twenty-one of the 31 negative votes were cast by Democratic Senators. Oregon women should remember this when they go to the polls For pneumonia, influenza, grip or colds, November 5.

and sound. He has conducted the state with credit through perhaps the most trying period of its existence; he has thorough grasp of all state matters, and we say frankly that he should be permitted to continue to work and the state will be the gainer.-Hillsboro Independent.

Governor Withycombe will not make a personal campaign. Instead, he will remain at his post of duty at Salem and continue his 100 per cent record in war activities. The Governor takes the position that, under present conditions, he will not conduct an active

Aside from handling the finances of the state, the State Treasurer also is a member of the State Board which administers the genetal business of the state. O. P. Hoff, the Republican nominee, is a man of wide business experience and fully qualified for the
