Give Taxpayers a Square Deal

Proposed Law Is for Private Benefit of Tax Title Vulture and Land Attorney

There is a scheme on foot to wipe out the present delinquent tax law now in effect in the state of Oregon. Those behind the plan would substitute in its place a piece of pernicious legislation, cleverly devised by the Portland Journal and a certain clique of politicians.

The scheme is a clever one at first observation and by reason of the fact that one of the backers of the proposed change is a man of independent wealth at the head of a Portland paper, the columns of that paper—the Portland Journal—have been thrown open to further the measure and befuddle the voters' minds at the coming election. By smooth camouflaging of the facts, and sometimes by direct misrepresentation, the voters are led to believe that the proposed measure is one originated and to be passed entirely in their own interests.

This is the inference that comes from reading the Portland Journal's propaganda for the abolishment of the present delinquent tax law now in force in the state of Oregon.

The editor of this paper is not in the habit of instructing his readers how to vote in various elections. As a rule we consider the voter will support the measures which he believes to be of worth, and register his protest with a vigorous "NO" on useless or pernicious legislation. This is the rule usually followed by the country newspaper man, but when direct misrepresentation of fact is resorted to in an effort to lure the favor of the voting public, it is high time that the voters are advised of true conditions. Therefore the editor of this paper has the following statement to make to the readers of this paper:

The present delinquent tax law was passed by the state legislature of Oregon, the men you and I sent to Salem to represent us in affairs of state.

It is a fair law, devised in the interest of the taxpayer, to give him a square deal in the hour of emergency, and to protect him in that hour from the tax title vulture and the scheming land attorney. It provides for the publication of the delinquent tax list, it is true, but it also provides—and this is the part of the law the Portland Journal would have you overlook—that publication of the delinquents shall only be made after a mailed notice has been sent out regularly advising the delinquent that his taxes have not been paid. The publication, therefore, is but an emergency measure, to be resorted to only when personal notice has failed to notify.

The taxpayer should quickly realize the practical value of such a law. Suppose you are away for the time being. Or let us assume that you have changed your address. In either case a mailed statement would in all probability fail to reach you. Some time later the delinquent list is published in the home paper, and your friends, relatives, or neighbors, notice immediately that you have overlooked your taxes, and hasten to drop you a line. They know where you are—the tax collector doesn't bother about you unless you notify him of the change.

The result? The title grabber, that pesky peer who is always hawking about the books in the tax office, loses a chance to buy in your place for a song and you are saved the embarrassment and work of redeeming your place. This is the present law, and this is exactly the way it works out.

Jackson, working with a certain Portland attorney, would cut out the publication requirement of the present law. He would end the matter once and for all with the sending of the notice through the mail. If you fail to get it, under his scheme, you are the loser, and the tax title vulture will then pick up some easy money and you will foot the bill. Such is the bill proposed by Jackson & Hagood. Kill it if you would con for a favor on the taxpayers of Oregon. Vote "NO" on the Jackson delinquent tax bill.

The editor of The Sentinel would recommend the law in certain details and make the publication much less expensive, but the idea of doing away entirely with the publication of the delinquent tax list is wrong. The Portland Journal, published by Kaiser Jackson, will listen to no suggestion except that of killing the publication entirely. His motives are pure spite work—the result of an insane desire to even up scores with the country newspapers. The Sentinel is not financially interested in the publication of the tax list, as it is not printed in The Sentinel, but it is interested in saving the delinquent taxpayer from the delinquent tax title grabber, who multiplies any expense that has ever resulted from the publication of the tax list.

The Sentinel has a bargain in a scholarship in the International Correspondence School which has been left with it for sale. 111fe

A Cottage Grove Interview

MRS. KEBELBECK TELLS HER EXPERIENCE.

The following brief account of an interview with a Cottage Grove woman three years ago, and its sequel, will be read with keen interest by every citizen:

Mrs. M. Keibelbeck, Birch and J streets, Cottage Grove, says: "Whenever kidney complaint has troubled me, I have used Doan's Kidney Pills with good results. I am subject to kidney weakness and I was never able to find any medicine that would really help me until I used Doan's Kidney Pills. A short use of Doan's once in awhile keeps me free from all kidney complaint." (Statement given February 23, 1913.)

On March 27, 1916, Mrs. Keibelbeck said: "My estimation of Doan's Kidney Pills remains unchanged. I have never had them fail to give me satisfaction whenever I have used them." Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Keibelbeck has twice publicly recommended. Foster-Milburn Co., Mfrs., Buffalo, N. Y. 013-25
