SHERIFF'S SALE ON EXECUTION IN FORECLOSURE.

Notice is hereby given that by virtue of an execution in foreclosure issued out of the Circuit Court of Lane County, Oregon, on the 10th day of December, 1918, in a suit wherein on the 10th day of December, 1918, in the above entitled Court, John W. Trunnell and Mary R. Trunnell, plaintiffs, recovered judgment against the defendants, Mintie R. Tonole and Pete Tonole, for \$311.15 with interest thereon from the 30th day of October, 1918, at the rate of 10 per cent per annum and \$50.00 attorneys fees and the further sum of \$16.00 costs and disbursements, which judgment was entered and docketed in the Clerk's office of said county in said county on the 10th day of December, 1918, and said execution to me directed commanding me in the name of the State of Oregon, in order to satisfy said judgment, attorneys fees, costs and disbursements and accruing costs, to sell the following described real property, to-wit:

Beginning at a point in section twelve (12) Twp. twenty-one (21) S. R. four (4) west, where the west line of Ira Hawley's D. L. C. crosses the north line of the right of way of the O. & C. railroad then on said Ira Hawley's west line 30 feet thence west 30 feet distant from and parallel to said right of way 500 feet, thence south 30 feet to said north line of right of way and thence east 500 feet to the place of beginning, formerly in Douglas county but now in Lane county, Oregon.

Now, therefore, in the name of the State of Oregon, in compliance with said execution and order of sale and in order to satisfy said judgment, attorneys fees, costs and disbursements and accruing costs, I will on Saturday, the 11th day of January, 1919, at one o'clock in the afternoon of said day at the southwest door of the county court house in Eugene, Lane county, Oregon, offer for sale and sell for cash, at public auction subject to redemption as provided by law, all of the right, title and interest of said defendants, Mintie R. Tonole and Pete Tonole, or either of them or any person or persons claiming by, through or under them or either of them in and to said mortgaged premises.

D. A. ELKINS,
D13j10 Sheriff of Lane County, Ore.

MEAT PRODUCERS DID FULL DUTY

Increase in American Hogs Will Help to Meet World Fat Shortage.

FARMERS SAVE SITUATION.

Government Justified in Stimulation of Pork Production—Sevenfold Increase Over Pre-War Exports.

Through increased production and conservation we will be able this year to export seven times our pre-war average exports of pork products. With the heavy demands added in caring for the millions who have been freed from German oppression, the Department of Agriculture and the Food Administration are justified today in our every action of stimulation of hog production. In the coming year the greatest world shortage will be in fats, and pork will help to save this situation. The efficacy of the policy of stimulated production has built up in this country supplies which will enable us to supply a very large part of the fat deficiency of the world. In beef there must be a shortage in Europe, due largely to limited refrigerator ship capacity. All freezer ships available, however, will be filled by America, Argentina and Australia.

The contribution made by the producers of this country to the war program as applying particularly to animal food products is illustrated by the following:

Reports compiled by the U. S. Department of Agriculture indicate an increase in cattle of 10,238,000 head and 12,441,000 hogs. These figures were compiled to January 1 last.

In this period there was a decrease in sheep of 810,000 head. The indications are that this decrease will show an increase, according to recent reports.

Since January 1 unofficial information indicates an increase in hogs of not less than 8 per cent, and not more than 15 per cent, as compared with one year ago, with an increase in the average weight.

Following the request of the U. S. Food Administration for an increase in hog production for marketing in the fall of 1918 and the spring of 1919 the increase may yield not less than 1,600,000,000 pounds more of pork products than were available last year. Without this increase the shipping program arranged by Mr. Hoover regarding animal food products would have been impossible.

The dressed hog products during the three months ending September 30, 1917, amounted to 903,172,000 pounds, while for the corresponding months of 1918 the dressed hog products totaled 1,277,589,000, an increase of over 374,000,000 pounds for the quarter.

During the same period for 1917 the records of inspected slaughter of dressed beef showed 1,263,000,000 pounds as against 1,454,000,000 pounds for the three month period ending September 1, this year.

America's Pledge of Food Gave Heart to the Allies In Their Darkest Hour

Whatever is necessary America will send. That was America's pledge to the interrelated food council. And because the American food army had hitherto made good they took heart and went forward.

Farm enterprise and much soft corn increased pork supplies, food conservation increased exports—total shipments doubled.

FAITH JUSTIFIED

BY EVENTS.

I do not believe that drastic force need be applied to maintain economic distribution and sane use of supplies by the great majority of American people, and I have learned a deep and abiding faith in the intelligence of the average American business man, whose aid we anticipate and depend on to remedy the evils developed by the war.—Herbert Hoover, August 10, 1917.

How to Brush Teeth

MOST Tooth-brushing is done very thoughtlessly. It does not remove food deposits from all the surfaces of the teeth and the mouth. From three to five minutes are required to accomplish anything like a thorough cleaning of the teeth. At least this much time should be spent after meals and at night before retiring. Most decay of the teeth takes place during the night or resting hours.

The tooth-brush must not be too coarse and stiff, and it should not be drawn straight across the teeth. The proper method is to brush from the gums towards the cutting edge of the teeth with a slight circular motion. Avoid the use of coarse, gritty tooth-powders, and all tooth-pastes containing soap, and all mouth washes purporting to cure or prevent dental trouble. After each brushing, the mouth should be rinsed out with lukewarm water. The tooth-brush should be cleaned and kept dry when not in use.
