SITUATION IN NORTH RUSSIA IS CRITICAL

Washington.—The situation in the Archangel district is regarded by military officers in northern Russia as extremely critical.
Reports that the Bolshevik forces were using gas shells were taken here by some officers to mean that this equipment had been supplied through German sources, notwithstanding the terms of the armistice, and if this was established as a fact it was intimated that drastic action against the Germans would be taken by Marshal Foch.
Available figures obtained by war department officials show that the British force in the region of the north is approximately 6000, American 4500, French 1500, loyal Russians under British officers 1200 and 1000 other soldiers of one of the smaller allied countries.

PERSHING DENIES REPORTS

American Soldiers Not Responsible For Crime Wave in Paris.
Washington.—Reports that American soldiers are responsible for a crime wave in Paris are flatly denied by General Pershing in a cablegram to Secretary of War Baker. "Full refutation of the charges cannot be put too strongly before the American people," the American commander stated.
General Pershing's cablegram was sent in response to inquiries by the war department, following sensational charges, published in the Paris Matin, that American soldiers were responsible for an appalling number of murders and robberies in the French capital. Press dispatches since that time have stated that these depredations were committed by Apaches wearing American uniforms.

Government Insurance Convertible

Washington.—Conditions under which soldiers or sailors now holding government life insurance may convert these policies within five years into other forms were announced by Colonel Henry D. Lindsley, of the war risk insurance bureau. Rates will be made public soon.

LETTERS FROM SOLDIER BOYS

(Continued from first page.)

France and attached to the 363rd infantry. I am driving the ambulance almost all the time and it keeps me pretty busy. We thought for a while that we were going to leave this country very soon but I guess it will be about two months yet before we start for the United States. Your Christmas box arrived all o. k. and I certainly enjoyed it. I was in Bruxelles Christmas week and got a souvenir for you. It is supposed to be very good hand-made lace. I guess it is called Bruxelles lace—anyway that's where it came from; and it ought to be good for it cost me about a half month's pay. George (Matthews) and Joe (Smith) send best regards.

Excerpts from a letter from Hiram Wheeler, wounded in action, now recovering at base hospital No. 111, France, written January 4 to his mother, Mrs. M. M. Wheeler:
"Have been examined and approved for shipment to the good old United States of America. Say, I can hardly wait for orders to embark. Still have some trouble when I try to walk; have to think about it every time I take a step, but an improving by degrees. The Red Cross made us a present of a pair of Christmas socks apiece stuffed with candy, nuts, postcards, handkerchiefs, etc. They also put up small Christmas trees trimmed according to form. There are several Red Cross huts here. They give entertainments every day."

OUT OF THE GLOOM

Many a Gloomy Countenance in Cottage Grove Now Lightens With Happiness.

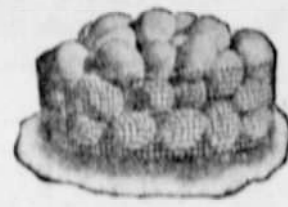

A bad back makes you gloomy. Can't be happy with continual backache.

The aches and pains of a bad back are frequently due to weak kidneys. Doan's Kidney Pills are recommended for weak kidneys.

So Cottage Grove citizens testify. Mrs. J. J. Moore, Sixth St., Cottage Grove, says: "I am more or less subject to kidney trouble. My back gets very sore and lame at times and during this misery, my kidneys act irregularly. I feel tired-out and depressed generally. After I have taken Doan's Kidney Pills for a few days my back feels as strong as ever and my kidneys become normal."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Moore uses. Foster-Milburn Co., Mfrs., Buffalo, N. Y. f7-14

It Wasn't a Goose

That laid the golden eggs. It was a hen—a hen that kept on laying even when eggs were a dollar a dozen, as they have been this past winter. And

The COUNTRY GENTLEMAN

knows how she did it. What's more, it tells. It tells about "The New Way to Get Eggs"—from the back-yard flock as well as on the big poultry ranch. It tells about "Longer Days for Laying Hens"—by electric lighting the hen-house. It tells about "Beginning with the Incubator" and about "The Baby Chick's First Six Weeks."

These are only a few of the poultry articles THE COUNTRY GENTLEMAN will have this spring—all full of practical, money-saving suggestions that you can profit by. And there's "The Poultry Calendar" in addition, appearing weekly and packed with poultry advice adapted to every season.
