RAILWAY ADMINISTRATION TO ADVERTISE NORTHWEST

Hundreds of Thousands of Dollars to Be Spent in Publicity.

Railways of the United States and Canada are beginning the expenditure of hundreds of thousands of dollars to stimulate tourist travel this summer and a good portion of it will be spent in advertising the Pacific northwest, according to Herbert Cuthbert, secretary of the Pacific Northwest Tourist association, who has returned to Seattle, after a month spent in eastern cities of the United States and Canada.

Mr. Cuthbert conferred with the heads of passenger departments of the United States railway administration in Chicago, Washington and New York and with Canadian railway officials in Montreal and Winnipeg arranging for cooperation between the railway publicity campaign and the campaign of the Pacific Northwest Tourist association, which will expend \$125,000 appropriated by Oregon, Washington and British Columbia for tourist advertising for a two year period, following the work done during the past two years.

The United States railway administration has shown their approval of the methods of the Pacific Northwest Tourist association by following our lead in advertising states and localities. Their advertising, which involves the expenditure of hundreds of thousands of dollars, begins in the magazines in April and widespread newspaper advertising will follow. The Canadian railways will also spend much money advertising the Pacific northwest and Alaska and their tourist rates, I am told, are the same to Washington and Oregon points as to Vancouver, says Mr. Cuthbert.

"Tourist travel to the Pacific northwest will be especially heavy this summer and hotels and resorts should be prepared to take proper care of it. The people generally should be prepared for the heavy business which tourist travel brings and to impress on tourists the natural advantages, resources and opportunities in this section, so that the tourists may become investors and residents to help develop the Pacific northwest."

There were several guests outside of members and light refreshments were served. The following officers were elected: Mrs. J. W. Buckley, president; Mrs. B. R. Job, vice president and Mrs. Ernest Armes, secretary-treasurer.

Mrs. F. A. Garetson, Jr., entertained the M. P. G. club Tuesday afternoon. "We mostly talked and ate," was the way one member told what they did, "and did a little sewing." The house was beautifully decorated with peach blooms.

The Constellation club was entertained yesterday afternoon in the banquet room of the Masonic temple by Mrs. F. A. Garetson and Mrs. A. W. Helliwell. The decorations were apple blossoms and refreshments were served.

George Matthews Visits Relatives.

Following are portions of letters written by George Matthews to his parents, Mr. and Mrs. Charles Matthews: Dec. 28.—Christmas box arrived in fine shape and it all tasted so good. We are now again hearing rumors about moving. Some of our train has started for France, as I imagine we will soon leave Proven. Such a mudhole here. Of course the roads are fine, though. Just missed a trip into the southern part of France a few days ago. One of the other drivers and myself had the chance to flip for it and he won. I didn't grieve over it much, as I left the next day for England and I surely had some experience, particularly as my pass was only for 48 hours and I had no time to get the warrant that is required for getting across the channel and yet was in London by the time my pass became effective.

This is the way I worked it: I had a drive to Dunkirk and I got my partner to drive the car back, while I took the train for Calais, which is but an hour's run. I just missed one boat and had to wait over until Christmas morning and I had some time then to get on, as you are required to show your warrant three times, and I had none. There were thousands of Tommies getting on the boat and in the confusion I managed to slip by and reached Dover an hour and ten minutes later. All made a rush for the train and soon the conductor came along calling out "Have your warrants for London ready." Just before he reached the compartment I was in I stepped outside until he passed by. Two hours later we reached Victoria station. I inquired for Sydenham, was directed to a railway station and soon reached Cousin Dorothy's home. Had dinner with Percy's father and mother. Uncle Harry and Aunt Ida were in the near vicinity with friends. Soon after dinner Dot and I went over to meet them. Cousin Vic and family were also there, so we had a great meeting. Next morning Dot and I went over to see Timmie (Miss Moody). She recognized me at first sight. Left at 6 o'clock Friday morning and was in Proven the same day early in the afternoon. Only had 20 francs and spent but two of them. Surely I have a wonderful word for my English relatives.

Jan. 8.—Here we are in France. Left Proven on the morning of the third. Twenty-six cars in the convoy. The rest of them leave Proven tomorrow. Our first day's drive was 160 kilos. Stopped over night at Amiens. We had our own cook, who soon had a warm meal ready at each stop. Reached Paris early in the afternoon of the 4th. My partner and I were chosen to drive the major and lieutenant into the city for passes for each of the boys, as we had parked just outside the gates. I saw my share of Paris, as we drove through the principal streets and were unable to get the passes until 8 o'clock, and they were then good only until 12. I drove the lead car on the way to Paris. Such wonderful roads and so much to see along the way. Passed through Versailles, where they are holding the peace conference. My helper had the Stud-baker agency in Spokane before he was drafted.

Many Cottage Grove people rely on it. Here is Cottage Grove proof.

Mrs. W. R. Sharpe, 1020 Chestnut St., says: "I can recommend Doan's Kidney Pills very highly, for I have resorted to this medicine on several occasions when my back has felt weak and sore and my kidneys haven't acted as they should. I have always received quick and lasting results."

Banish Pain

THERE is no use talking—no one can work or play when they are not feeling well and strong. Life, without health and strength, is a mere painful, pleasureless existence.

One of the most important conditions of good health is to keep the kidneys normal and active. When weak or deranged, they do not filter out of the blood the impurities that should be eliminated from the system. When these impurities remain, the blood stream is poisoned and pain and suffering result.

Foley Kidney Pills

aid and assist Nature. They strengthen and invigorate weak or diseased kidneys and help them keep the blood stream pure and clean, banishing backache, rheumatic pains, stiff or swollen joints, sore muscles, and other symptoms of kidney trouble.

W. R. Fox, 195 W. Washington St., Noblesville, Ind., writes: "After suffering many months with kidney trouble, and after having tried other remedies for the same, I purchased a bottle of Foley Kidney Pills and took them. They not only did me more good than any other kidney remedies I ever have used, but they positively set my kidneys right. Other members of my family have used them with similar results."
