

Pure Apple Cider V-I-N-E-G-A-R

The kind that has the real flavor. If you know quality, this is sure to please you.

KERR & SILSBY

Don't Neglect Your Eyes

If you have pain in or over the eyes, or in the back of the head, headaches; if you see floating specks; if you have blurred eyesight; if everything gets black at times; if the eyes twitch involuntarily; if you see double; if you see rings around lights—there is something wrong and you should have them carefully examined by a skilled specialist.

Our 12 years' experience in scientific eyesight testing and the fitting of correct glasses for the relief of eye-strain is at your disposal. If we find glasses are not necessary, then we decline to supply them.

Glasses Guaranteed Satisfactory

I give special attention to the Eye, Ear, Nose and Throat, as well as General Surgery. Eyes tested and glasses fitted. Dr. Wendt, at Cottage Grove Hospital

Our Business Is Your Business

Because through your patronage it has been built up. Realizing that only by serving and pleasing our customers can a business be built up, it has been our effort to so conduct the business that you would feel that nowhere else in the city could you get better, cleaner goods at a more reasonable price or served to you in a more courteous manner. Our success demonstrates that we have been successful to a degree. We urge you to make any suggestions that will aid in further cementing the cordial feeling that should exist between buyer and seller.

Short's Grocery

It Takes Only a Little More Gas to Come Around the Corner.

jured in a sawmill accident and had been taken to a Eugene hospital. She left at once to be with him.

Mrs. Ed. Barnes arrived Tuesday from Chehalis, Wash., to visit her parents, Mr. and Mrs. R. McCord.

Wm. Hands & Son have just completed a large modern poultry house on their ranch east of the city.

Gifts for Women and Girls of India.

The ladies of the Women's Foreign Missionary society of the Methodist church are going to give a bit of Christmas joy to the women and girls of India who have so nobly faced plague and famine this year. Miss Godfrey, a missionary in India, had three ambitions when a child. One was to be in a circus, one was to be a missionary, and the third was to be Santa Claus. The third may be granted if the friends of missionary work will each send a gift of 2½ yards of cloth for a new jacket waist. Pretty, durable and washable cloth is preferred. This should be brought to the next meeting, July 2, which will be held at the parsonage. Miss Godfrey leaves in a few months for India and will take the gifts with her.

Music and Knives

But what has music to do with table knives? Just this:

The best silverware you can get is marked "Sterling"; the best photograph you can get is marked "Pathe."

The Pathe phonograph is different in principle, better in result. The Pathe sapphire ball, a round polished jewel, replaces the old-fashioned steel needles, which cut and gouge the records. No needles to change; no needles to buy; always ready to play. The Pathe plays all makes of records, and plays them better. Every Pathe record is guaranteed to play 1000 times. These are just three of the big Pathe advantages.

But the most important Pathe feature is the tone. The sapphire ball and the all-wood violin tone chamber give the pure clear tone of perfect music. Not a shading is lost; not an expression missed. When you hear a Pathe instrument, you at least realize how perfectly music can be duplicated.

We have selected the Pathe instrument because we know it is best. After a careful investigation and comparison of all makes of phonographs and records, we realized the Pathe superiority. Yet the Pathe costs no more than the ordinary talking machine.

Give your ears a treat. Let us play a jeweled Pathe for you—the phonograph of Sterling quality.
