

"Meats in Storage"

Every working day of the year 75,000,000 pounds of meat are required to supply home and export needs—and only 10 per cent of this is exported.

These facts must be kept in mind when considering the U. S. Bureau of Markets report that on June 1, 1919, there were 1,348,000,000 pounds of meats in cold storage. If the meat in storage was placed on the market it would only be 20 days' supply.

This meat is not artificially withheld from trade channels to maintain or advance prices.

Meats in storage consist of—

- 65 per cent (approximate) hams, bacon, etc., in process of curing. It takes 30 to 90 days in pickle or salt to complete the process.
- 10 per cent is frozen pork that is to be cured later in the year.
- 6 per cent is lard. This is only four-fifths of a pound per capita, and much of it will have to go to supply European needs.
- 19 per cent is frozen beef and lamb, part of which is owned by the Government and was intended chiefly for over-seas shipment. If this were all diverted to domestic trade channels, it would be only 1½ lbs. per capita—a 3 days' supply.

From this it will be seen that "meats in storage" represent merely unfinished goods in process of curing and the working supply necessary to assure the consumer a steady flow of finished product.

Right of Way to Creswell Is Secured. The right of way for practically all the changes to be made in the Pacific highway between Eugene and Creswell has been secured, and the way is now clear for the paving of that portion of the road a distance of 12 miles. However, only five miles, or as far as Goshen, will be paved this year, and this work is now under way.

The county has a grading outfit at work on a cut-off to eliminate two railway crossings between Goshen and Creswell. Aside from avoiding the crossings, the new cut-off will shorten the distance several hundred yards.

New Hog Disease Found.

A disease of hogs that is new to this section of the country has been found by Dr. Roy Smith, a veterinarian of Eugene. The disease is known as snuffles, or bull nose, and effects young pigs.
 In all his years of practice here this is the first case of this disease he has found, says Dr. Smith, but the disease is common in other sections.
 The first symptoms are a swelling around the nose and if the mouth is examined one or more sores or ulcers will generally be found.
 As soon as a case of this disease is observed the pigs that are affected should be isolated because the disease is easily transmitted. If there are a number of cases the young pigs should be vaccinated. The disease is caused by unsanitary conditions and can become serious, says Dr. Smith.
 Cleaning up the quarters and using lime is a good means to keep the trouble away from the young pigs.

SOCIETY.

The Constellation club gave its annual picnic yesterday afternoon at the S. L. Godard place on the banks of the Coast Fork. The women went out in the afternoon and the men arrived in time for the basket dinner. A number of the party enjoyed a dip in the river.

Mrs. Albert Hellivell entertained the M. P. G. club Tuesday afternoon on her lawn, where the women amused themselves with their fancy work and where refreshments were also served. Guests of the club were Mrs. C. J. Kem and her guest, Miss Vera Randall, Mrs. C. M. Jackson, Miss Louise Garetson and Miss Judd, aunt of Mrs. F. A. Garetson, Jr., one of the members.

On Wednesday afternoon Mrs. C. E. Umphrey was at home to about thirty-five of the younger matrons, who quite forgot the torrid temperature in their enjoyment of the pleasing entertainment provided by their hostess. The room was adorned with various Oregon flowers which furnished the motif of several "flowery" diversions. In a guessing contest Mrs. Benger and Mrs. Beidler tied with Mrs. Adams and Mrs. Short, the latter couple proving the fortunate winners of tiny Japanese vases of flowers. At guessing the number of rose petals in a crystal vase Mrs. Durham and Mrs. Nichols also tied, Mrs. Nichols receiving another similar vase of flowers. Delicious refreshments were served at five o'clock.

Coffee Cake.

Mix the following ingredients: One cup of brown sugar, half cup of butter or its equivalent, one beaten egg, half a cup of molasses in which has been dissolved a half teaspoon of baking soda, a half cup of strong coffee, two cups of flour, a half cup of seeded raisins and a half cup of currants that have been rubbed in an additional quarter cup of flour, and a half teaspoon each of ground cloves, cinnamon and allspice. Beat well, put in a loaf cake tin and bake in a moderate oven for 45 minutes.

Date Custard Pie.

Rinse half a pound of dates in cold water; soak for one hour in enough water to cover, and remove the pits. Cut in quarters and simmer until tender; press through a puree sieve and add the pulp of one pint of scalded milk with two lightly beaten eggs and a pinch of salt. Fill into a deep pie plate lined with pastry, dust over the top with a little grated nutmeg and bake as for custard pie.

Get Well

IT is indeed hard to stand at one side while the stream of life flows by. A man or woman condemned to sickness that does not permit him or her to perform the active duties of life, to do his or her share of the world's work, is a pathetic figure deserving of sympathy.

Much sickness, pain and misery result from disordered kidneys and bladder. Failure of the kidneys to do their work properly and filter impurities out of the blood leads to rheumatic pains, backache, sore muscles, stiff or swollen joints, pain under eyes, floating specks, biliousness, bladder weakness, nervousness, or other symptoms of kidney trouble.

Foley Kidney Pills

are effective in removing the cause of the trouble for they strengthen and invigorate weak or deranged kidneys and help them to normal functioning so that the blood stream is purified and the cause of disease removed.
 F. M. Platte (Brakeman), Sec'y, Switchman's Union, 518 Blaine St., Peoria, Ill., writes: "Two bottles of Foley Kidney Pills relieved all symptoms of my kidney and bladder trouble, stopped the backache and pains, correcting the kidney action, clearing secretions. I am also free from dizziness and floating specks before my eyes. Foley Kidney Pills cured me and have my heartiest recommendation."
