Bitter or Better Baking

A letter makes a great difference in a word. A word makes a great difference in baking powders.

If the little word "alum" appears on the label it may mean *bitter* baking.

If the word ROYAL stands out bold and strong, it surely means **BETTER** baking.

This is only one reason why, it pays to use

Royal Baking Powder

Absolutely Pure

Made from Cream of Tartar derived from grapes

Royal Contains No Alum—

Leaves No Bitter Taste
