School Children's Eyes Should Not Be Neglected

The first symptoms of eyestrain should be heeded.

If the eyes were weak during the last term of school, have them examined before entering school this fall.

Often I can help a child escape glasses later.

Mrs. Nellie Drake, who has been seriously ill for some time, was taken

PATHE

Stands for Something

Yet it is not an abbreviation. It stands for the best there is in phonographs. Pathe means to the phonograph what Sterling means to silverware. The Pathe sapphire ball does away with cutting and gouging of records. Always ready to go. No needles to buy or change. It will play any make of record but the Pathe records themselves are the best and guaranteed for 1000 times.

The most important Pathe feature is the tone produced by the combination of the sapphire ball and the all-wood violin tone chamber. Not a shading is lost, not an expression missed. The reproduction sounds almost like an improvement upon the original.

The Pathe costs no more than others not as good. Come in and let us play a jeweled Pathe for you.

H. C. MADSEN

Diamond Merchant and Jeweler

to Toledo Friday to be cared for at the home of a daughter.

Mrs. S. L. Godard went to Eugene Monday and brought home her daughters Lola and Lois, who had been visiting at the E. R. Spener home.
