AMERICA FIRST, SAYS CHAIRMAN HAYS

Chicago.—(Special.)—Chairman Will H. Hays of the Republican National Committee gave the following statement to the press:

"I agree with President Wilson that the treaty will be ratified, but the ratification will be accompanied by reservations absolutely safeguarding the full independence and freedom of action of this republic. That is the simple fact which the President may as well recognize first as last. At present he is only pounding against a stone wall of patriotism which has already become impregnable and is daily increasing in width, strength and height.

"The committee reservations constitute the irreducible minimum of the requirements of a substantial majority of senators who cannot be coerced or enticed into violating their oaths of office to hold America first. There is no partisanship in their position. True, every Republican senator without exception stands with the committee, but because he is an American—not because he is a Republican. I sincerely believe further that an actual majority of the Democratic senators feel the same way, and evidences multiply daily that when the time comes a considerable number will vote the same way.

"It is for the President to determine when the test shall be made. The treaty will be reported out this week, and a vote can be had as soon as it can be reached under the rules unless it is delayed by senators acting under the direction of the President himself. It is simply now up to the administration to decide whether it will or will not accept at once these essential guarantees of American independence which will unquestionably be promptly accepted by the other nations. It is imperative that this matter be settled right. It ought, by all means, to be settled promptly. The full responsibility for any delay will rest upon the President, and him alone."

REPUBLICANS PASS BILL INCREASING P. O. PAY.

Washington.—(Special.)—The House has adopted the Madden bill providing a blanket increase of \$150 in the salaries of all employees of the Post Office Department for the present year. The Republican leaders have given especial attention to this measure.

O'RYAN'S TESTIMONY.

A rather remarkable statement throwing some hitherto obscured light on the lack of efficiency of Secretary Baker's department during the war was made recently before the senate committee on Military Affairs by Maj. Gen. John F. O'Ryan, who commanded the Twenty-seventh division in France.

The Twenty-seventh was a National Guard division and General O'Ryan testified that it fought through the war without any American equipment except coats and some trousers. All the guns, aircraft, shoes, rifles, machine guns, and even subsistence supplies, he said, were supplied to the division by the British.

The division's artillery support, he added, was supplied by British and Australian units.

Old Fashioned Girls.

The Old Fashioned Girls, soon to be heard on the lyceum course, are entirely unique upon the American platform. These four charming girls have a program which is distinctly out of the ordinary. Dressed in the costumes of half a century ago they feature the delightful old songs and stories of the south. The entire program has been arranged by Beas Gearhart Morrison, noted lyceum coach and entertainer.

A musical treat is in store for you

in the coming concert. The entire program is presented with snap and life and without a single dull minute. There is enough variety, too, so that every taste will be satisfied. Vocal and instrumental solos, duets and quartets, costumed songs, sketches and readings comprise the program to be given by these talented and versatile young women who will be here Tuesday evening, October 14.

WATCH YOUR LABEL.

Time Changes October 26.

There has been considerable discussion as to when the clocks of the nation go back to sun time. The act of congress provides that the change shall be made Sunday, October 26. Many have been under the impression that the time changed October 1.

The Briggs sawmill at Walker was destroyed by fire Sunday from an unknown cause. Little was saved except the boiler and engine.

18 cents a package

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes; or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

They Win You On Quality!

Your enjoyment of Camels will be very great because their refreshing flavor and fragrance and mellowness is so enticingly different. You never tasted such a cigarette! Bite is eliminated and there is a cheerful absence of any unpleasant cigarette after-taste or any unpleasant cigarette odor!

Camels are made of an expert blend of choice Turkish and choice Domestic tobaccos and are smooth and mild, but have that desirable full-body and certainly hand out satisfaction in generous measure. You will prefer this Camel blend to either kind of tobacco smoked straight!

Give Camels the stiffest tryout, then compare them with any cigarette in the world at any price for quality, flavor, satisfaction. No matter how liberally you smoke Camels they will not tire your taste!
